U OF A FAMILY

Raegan is a fourth-year Science student who has found her purpose at the U of A as a UAlberta Ambassador and an executive member of many student groups. She took her studies abroad this spring to the U of A campus in Cortona, Italy.

Both my Mom and sister graduated from the U of A so it has been part of my family my whole life. When it came time for me to decide what I would do after high school, my sister took me to the U of A Open House where I got to see all the different programs and figure out which one would best suit me. She showed me around campus including her favourite study spots and places to grab food. While the U of A was an obvious choice for me, this made the journey so much easier. It is amazing to have a connection to this university that goes beyond my degree, and I am so glad I get to share that with my family!"

FINDING THEIR PURPOSE

WE KNOW YOUR STUDENT WILL DO BIG THINGS, AND THE U OF A WILL GET THEM THERE.

Finding Their Program

Selecting the perfect program is important, which is why we have 200+ to choose from. Visit uab.ca/programs to explore program options and uab.ca/costcalc to get a first year estimate for your student's program of choice.

Finding Their Funding

The University of Alberta has \$40M+ in funding available each year. Based on their admission average alone, your student could receive awards they don't even have to apply for. For application-based scholarships, they simply have to fill out one application

and we will assess them for eligibility based on experience, background, academics and interests. The deadline to apply for awards is January 11, 2023. uab.ca/awards

Finding Their Campus

Located in the heart of Edmonton's river valley, North Campus has more than 150 buildings occupying over 50 city blocks. Students can also choose to study at one of our two other teaching campuses: Campus Saint-Jean, our French-language campus; or Augustana, our Liberal Arts campus in Camrose, Alberta.

Finding Their Place

Lister Hall is Canada's largest on-campus residence. With its renovated facilities and student meal plans, living on campus is made easy. And the best part? We have a guaranteed spot for all first-year students who apply by April 30. uab.ca/residence

Finding Their Fun

From Week of Welcome to Green and Gold Day to Campus Cup, there is literally something for everyone to get involved in at the U of A. Between

classes, your student can use the recreation facilities on campus or join one of the 450+ student groups. uab.ca/sg

Finding Their Future

University is meant to be spent beyond the classroom, which is why we have Work Integrated Learning opportunities to help your students practice what they learn. Our co-ops, practicums, internships, and career mentoring make our graduates some of the most employable in the world. uab.ca/wil
