

Learning and Beyond

Mandatory Instructional Support Fees (MISF)

MISF are required to cover the costs of running outdoor, international, and community service-learning offerings. The leaders of each offering make every effort possible to make the offering as affordable as possible. By arranging group bookings, educational discounts, and preferred vendors, off-campus learning opportunities at Augustana are relatively affordable.

MISF fees for each offering are estimated based on the costs incurred during the last offering. As such, these estimated fees may not reflect unforeseen increases due to rising fuel costs or other international factors. The section on MISF fees in the University of Alberta calendar* shows the range of fees allowable for each offering, and explains in greater detail the policy around MISF fees.

If you have any questions about MISF fees, please contact the Learning and Beyond office or the leader of the trip you are interested in.
