

# CLEANING TIPS

- Clean touch points and surfaces** before disinfecting
- Wash hands before and after** using rubber or nitrile gloves
- Remove clutter** on cleaning surfaces
- Use only approved cleaning solutions** and follow all directions
- Place wet floor signs** when needed
- Clean from least soiled to most soiled surfaces**, highest to lowest
- Minimize** disruption of dust
- Apply cleaner or disinfectant** to a damp cloth or disposable wipe before use, changing cloth as needed
- Disinfection:** After cleaning, apply disinfectant to cloth as required to keep cloth wet. Wipe until the entire surface has been covered. Surfaces will need to remain wet for the manufacturer's recommended contact or "dwell" time.
