Name \_\_\_\_\_ ID Number \_\_\_\_\_

e-mail: \_\_\_\_\_@ualberta.ca

Program of study:

- Chemistry Honors or Specialization  
 Chemistry Major

Year of Study (4th-year standing (\*90) required). If not 4th year, explain:

GPA \_\_\_\_\_ note that a GPA of 3.0 or higher on CHEM courses is required for approval

I will have completed **two** 3-credit 300-level chemistry courses prior to taking CHEM 499. List courses and grades:

\_\_\_\_\_  
\_\_\_\_\_

I understand that CHEM 499 is a two-term course and that, if I choose to withdraw from the course, I will be withdrawn from both terms (initials). \_\_\_\_\_

### Signatures:

\_\_\_\_\_  
**Student** \_\_\_\_\_  
**Date**

- I have met with my potential supervisor and they have clearly discussed expectations with me in regard to lab work (including hours), lab safety, group meeting and seminar attendance, as well as any other expectations as a 499 student. I agree to these expectations if accepted into CHEM 499.*

\_\_\_\_\_  
**Research Supervisor Signature** **Printed Name** \_\_\_\_\_  
**Date**

- I have reviewed the student's academic transcripts and clearly described expectations through the term.*
