

Statement of Career Interest: Please answer the following questions. Question 4 is optional. Our goal is to get to know you better in terms of your interest in Speech-Language Pathology and alignment with the values of the department. Your application will be reviewed by two members of the faculty and the admissions committee. Please do not exceed two double spaced pages in total.

1. Why do you want to pursue graduate training in Speech-Language Pathology, and at the University of Alberta specifically?
2. What unique qualities will you bring to a graduate training program in communication sciences and disorders?
3. Please describe your perspective on equity diversity and inclusion (EDI) and/or your personal experiences with respect to EDI. How will these perspectives impact your role as a future SLP or student in the MSc-SLP program?
4. We may not have asked something that you find important to share with the admissions committee. Let us know if there is anything else that we should know when reviewing your application.
