

Memorandum

Date: October 5, 2023

To: Edmonton Zone AHS Leadership and Managers

From: Connie Pietrzyk, Manager; OHN - Workplace Health & Safety Business Partnerships

RE: Edmonton Zone Influenza and COVID Immunization Campaign 2023 - 2024

Annual Workplace Health and Safety (WHS) Staff Influenza Immunization Campaign - October 11 – November 3

WHS will be offering influenza immunizations to all health care workers at AHS sites across the zone. WHS will have stationary clinics that offer both the Influenza and COVID immunizations.

Please note:

At this point in time, WHS will be providing Moderna COVID vaccine only.

COVID immunizations are only available by appointment. Influenza immunizations can be booked appointment or drop-in. To book an appointment please go to: [Influenza Immunization Appointment \(alberta.ca\)](https://alberta.ca/influenza-immunization-appointment)

For a schedule of all WHS walk-in clinics please visit:

<https://insite.albertahealthservices.ca/Main/assets/hr/tms-hr-whs-flu-walk-in-clinic.pdf>

Can't make it to a WHS Clinic?

Ask your site about our site champion program with rovers offering the influenza immunization throughout the site.

Did you get your immunization from a pharmacy, physician, or Public Health? Don't forget to report your immunization to WHS [Got My Flu Shot Form | Insite \(albertahealthservices.ca\)](https://alberta.ca/got-my-flu-shot-form)

Many thanks,

Connie Pietrzyk, RN, BScN, OHN(c)
