- ❑ Student-run group - social, professional, academic wellbeing of graduate students
 - ❑ Helps host the Faculty of Engineering Graduate Research Symposium
 - ❑ Acts as a medium of communication with the departmental administration

ECEGSA – Sponsors 2022-24

FACULTY OF
ENGINEERING
UNIVERSITY OF ALBERTA

Department of Electrical
& Computer Engineering

ECE Graduate Studies Overview

ECE graduate students work with facilities, and can pursue Master of Science (M.Sc.) or Doctor of Philosophy (Ph.D.) degrees. A joint M.Sc./Ph.D. degree is also offered in co-operation with the Faculty of Science. Graduate students are on entry level of two years, but length can vary based on previous work experience. The experience will be of great value in industry.

ECEGSA Introductory

We are a group of new Electrical and Computer Engineering students who exist to bring together all ECE Graduate Students. Associate Graduate Students, and the faculty department, and the daily represent the student body as a whole.

The Electrical and Computer Engineering student group also represents the student body as a whole. The ECEGSA also represents the student body as a whole. The ECEGSA also represents the student body as a whole.
