Change the sign in email address for your personal Amazon.ca account

Change the sign-in email for your personal account

Thanks for letting us know you've done personal shopping with this account. Since an email address can only be used to sign in to one account, we'll need to change the email address for this account.

Doing this keeps your personal account details—like order history and any subscriptions—private and separate from the Kamino Business Amazon Business account. We recommend that you use an email address not associated with your work.
