<b>Company Description</b> 公司介绍	Beijing Zhongsheng Xuxin Environmental Energy Technology Co., Ltd. (hereinafter referred to as Beijing Zhongsheng Xuxin) is a national high-tech enterprise, formerly known as Hebei Zhongsheng Anticorrosion Technology Co., Ltd. (hereinafter referred to as Hebei Zhongsheng). Since 2001, Hebei Zhongsheng has made bold innovations in coking production equipment and pipeline corrosion prevention, and solved the national problem of leakage of original 316L pipeline and tank groove welds of ammonium sulfate that has plagued coking enterprises for more than a decade. By 2014, the whole anti-corrosion industry chain of coal chemical industry, such as ammonium sulfate production, desulfurization equipment, pipelines, tanks, etc., will be completed. With 18 years of experience in technology research and development, engineering design, construction, and operation services, we have owned a number of invention patents in this field, and established long-term partnership with more than 300 coking plants, including Handan
