HEALTH ETHICS SEMINAR

ETHICS AND PAIN IN CORRECTIONAL SETTINGS

D. Stewart MacLennan MN, NP, CCHP

Associate Teaching Professor,
Faculty of Nursing, University of Alberta

Thursday, 24 March 2022

12:00 - 13:00 MDT

WEBINAR Presentation via Zoom application

[Click to Register for Zoom](#)

This presentation reports on an interpretive description research study designed, underpinned by elements of relational ethics, to inform nursing practices by understanding pain experienced amongst people who are incarcerated. The core findings highlight how incarceration influences how participants experienced pain in relationship to the physical constraints due to security structures, limitations to personal freedoms, and strained relationships with correctional officers and healthcare professionals.
