THE USE OF DECEPTION IN DEMENTIA CARE

Jon Gilchrist, MCS, CEC
Clinical Ethicist,
Covenant Health

Friday, 5 April 2019
12:00 - 13:00 MST/MDT
Dvorkin Centre (2G2.07 WMC)

Health professionals recognize the importance of trust and the role that truth-telling plays in developing strong care relationships. Dementia care; however, poses significant challenges to the usual ways of fostering and preserving relationships. Regularly, it included subtle and overt deception. Is this ‘okay’? What do health professionals owe their patients and residents with regard to being truthful? Is it even possible to deceive someone who is not oriented to ‘reality’? What does respectful care entail?

For more information, please call 780-492-6676 or visit www.bioethics.ualberta.ca
