

A photograph of two children playing outdoors. On the left, a young boy with short dark hair, wearing a light blue button-down shirt, is smiling and looking down. On the right, a young girl with dark hair tied back, wearing a white t-shirt with black polka dots and denim overalls, is laughing with her mouth open and her right arm raised. The background is a soft-focus green field.

# Bachelor of Kinesiology/ Bachelor of Education

A five year combined degree, focusing on preparing graduates to teach physical education. This program is offered jointly with the Faculty of Education with both elementary and secondary routes.

## Program

The BKin/BEd (Bachelor of Kinesiology/Bachelor of Education) five year program is a unique opportunity to combine an interest in human movement, exercise science and athletic movement with a professional degree in Education. Students in this program specialize in Elementary or Secondary education while at the same time developing a strong background in Kinesiology. Students in this program will get both their Bachelor of Kinesiology degree, as well as their Bachelor of Education degree.

**UNIVERSITY

## Faculty of Kinesiology, Sport, and Recreation

The Faculty of Kinesiology, Sport, and Recreation at the University of Alberta is one of the premier faculties of its kind. We are proud to boast excellence in teaching and research—both of which were recently recognized in the QS World University Rankings by Subject where the Faculty has ranked in the top 10 in the world in Sport-Related Subjects 5 years in a row.

Our strength in research and teaching is our diversity in these areas. Our excellence in research and teaching encompasses work we do in the areas of sport, exercise, physical activity, health, tourism, sport rehabilitation, recreation, sport management and more. Our diversity extends to the aspect of the areas studied - biological, mechanical, behavioural and sociocultural.

Through our research, teaching and various service arms within the Faculty, we pride ourselves on being dedicated to improving the quality of life and the health of our communities through physical activity, sport and recreation for more than 57 years.

### Areas of Research

- Adapted Physical Activity
- Coaching Studies and Sport Psychology
- Health Psychology and Behavioural Medicine
- Neuroscience and Movement
- Physiology
- Recreation, Sport and Tourism
- Sociocultural

### Professional Practicum Program

In the final two years of your program, you will take part in the Field Experience courses in the Faculty of Education. This part of your program is designed to provide student teachers with the opportunity to develop skills, strategies, and professional identity within a school.

As you progress through your Field Experiences you will take on more responsibilities as a student teacher to help build your confidence and capabilities in the classroom. You will also have a mentor teacher to help guide you through this process.
