ON THE FRONT COVER

THE UNIVERSITY COAT OF ARMS

In June 1994, His Excellency the Right Honourable Ramon John Hnatyshyn, Governor General of Canada, presented the University of Alberta with its Coat of Arms. The full Coat of Arms is displayed at ceremonial occasions such as Convocation, and is used by the Chancellor, the titular head of the University.

On the shield is a representation of the topography of Alberta rendered in the colours of the University. At the base is a prairie wheat field symbolizing Alberta's agricultural industry. The wavy gold line above suggests the hills and rivers of Alberta and, in particular, the setting of the University campus. The top of the shield is in gold and separated from the rest of the shield by a line suggesting the Rocky Mountains. The book of learning dominates the design.

On the crest is a Grand-Duc d'Amérique, or Great Horned Owl, the provincial bird and an accepted symbol of knowledge. The pronghorn, taken from the Provincial Coat of Arms, and the golden bear, mascot of the University, support the shield. Both wear collars of the University colours, as does the owl. At the base of the Coat of Arms is a grassy mound with wild roses, the floral emblem of Alberta with the University's motto: Quaecumque Vera (Whatever things are true).

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information presented is current as of the program printing deadline.

QUAECUMQUE VERA

WHATSOEVER THINGS ARE TRUE

The University of Alberta, its buildings, labs, and research stations are primarily located on the traditional territory of Cree, Blackfoot, Métis, Nakota Sioux, Iroquois, Dene, and Ojibway/Saulteaux/Anishinaabe nations; lands that are now known as part of Treaties 6, 7, and 8 and homeland of the Métis. The University of Alberta respects the sovereignty, lands, histories, languages, knowledge systems, and cultures of First Nations, Métis and Inuit nations.

GREETINGS TO THE GRADUATES

Congratulations Class of 2024!

Convocation is a momentous occasion – not just for the graduates but also for their family, friends and colleagues. It is the culmination of many years of dedicated effort, many sleepless nights and days spent juggling various activities to meet deadlines and expectations. It is my hope that your time at the University of Alberta inspired you to grow professionally, intellectually and emotionally. You are fortunate to have been surrounded by the most talented team of professors, instructors, researchers and support staff – many recognized globally for their work.

Our communities are facing some of the most challenging times. Coupled with increased inflation; we have seen the growth of homelessness, mental and physical health challenges, violence and crime. These challenges continue to escalate under populist ideology which dictates that individualism transcends community. Gaining a university education is a privilege and honour that is not available to all. I hope that you will use your education and talent to look for innovative ways to solve some of these community challenges, to do so in the spirit of kindness, empathy, compassion and courage.

On a personal note, this is my very first convocation as Chancellor. I am particularly excited to receive the graduands on stage to confer your degrees and to wish you well in your onward journey.

NIZAR JAFFER SOMJI

Chancellor

Warmest congratulations to the class of 2024!

Today, we gather as a community to celebrate a significant milestone in your lives – the culmination of years of hard work and dedication.

Your time at the University of Alberta has undoubtedly left a lasting impact on you. Throughout your journey here, you have pursued knowledge, grown as individuals, challenged yourselves, and succeeded. I hope you look back on your time at the U of A with pride in all you have accomplished.

As you step into the next chapter of your lives, remember that you are not just graduates but leaders. Whether through the arts, entrepreneurship, research, or societal change, I encourage you to be bold in your pursuit of a better world, inspiring others to follow your example.

As you embark on your new path, you join a global network of over 300,000 U of A alumni. We ask that you continue to lead with purpose; the world needs visionary leaders and global citizens who can make a positive impact here in Alberta and beyond. I know you will rise to meet the challenges and seize the opportunities ahead.

The University of Alberta was founded in 1908 on the promise of “uplifting the whole people.” As you continue your journey, I know you will draw upon the knowledge and skills you have gained here to fulfill that noble pledge.

BILL FLANAGAN

President and Vice-Chancellor

On behalf of the Government of Alberta, congratulations to the University of Alberta Class of 2024.

Fueled by passion and driven by purpose, you are about to step into the future. Whether that means further training, starting your career, travel or even taking time to reflect, I hope you are as excited about what’s to come as I am.

There are plenty of reasons to be optimistic, particularly for highly motivated individuals like you. Alberta is growing faster now than at any point in its history. As our economy grows and diversifies, more and more talented, innovative people are choosing to call our province home and take advantage of the incredible opportunities available to them. Together, we are building something remarkable.

You have already made some important decisions about how you want to go forward, and now—with your University of Alberta credentials in hand—it’s your time to shine. Whether you plan to build your life here or you have joined us only for a few years, I’m so glad you are part of Alberta’s incredible story.

I wish you the very best as you pursue your dreams. Enjoy this moment to celebrate what you have achieved.

Congratulations again,

HONOURABLE DANIELLE SMITH

Premier of Alberta

OUR TRADITIONS

THE UNIVERSITY CEREMONIAL CHAIRS

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded-leather back and seat. Above the padded-leather back is carved the University motto *Quaecumque Vera* together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr. Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

In 2006, a fourth chair was donated in memory and honour of Lois Elsa Hole, beloved Chancellor (1998 – 2000) and Lieutenant Governor (2000 – 2005), by Earl Evaniew, Sandra Kereliuk, and their daughter Jennifer. This chair becomes part of the seating arrangements on stage when the Lieutenant Governor or other high profile dignitaries attend the Convocation ceremonies.

THE UNIVERSITY MACE

The University of Alberta Mace was designed and crafted specifically for the University as a gift

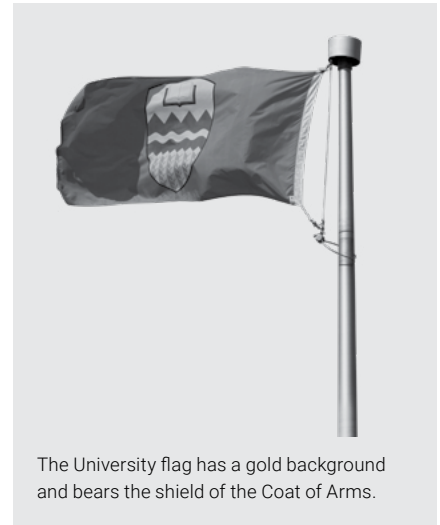

from Dr. Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 to 1970. It was presented by his son, Michael Galbraith, on behalf of his father on May 26, 1970.

Among its elements are: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto encircles the staff.

The ceremonial stand for the Mace was donated in 1987 as a memorial gift by family and friends of Dr. Charles Malcolm Macleod, Chair of the Board of Governors, from 1950 to 1966.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power – but the power of knowledge and the importance of the University in the community.

THE UNIVERSITY FLAG

The University flag has a gold background and bears the shield of the Coat of Arms.

THE CHEER SONG

Ring out a cheer for our Alberta

A song of praise to Varsity.

For the splendour of our mountains

Our prairies green and gold.

*Ranked beneath whose
glowing colours,*

Thy legions march enrolled.

Our memories will live forever

Beloved University.

We will fight for thee and cheer

And ever hold thine honour dear.

Our Alma Mater U of A.

Green and gold! Quaecumque Vera!

Guide us through each coming era,

Guide us on through battle gory

To a new and greater glory.

HONORARY DEGREE RECIPIENT

CONGRATULATIONS

MS. JAN REIMER

Doctor of Laws

Presented by Dr. Robert Wood, Dean, Faculty of Arts and the Honourable Iris Evans

Jan Reimer's accomplishments have been remarkable and widely acknowledged. She was recognized as Edmontonian of the Century, received the Queen's Golden and Diamond Jubilee Medals and is one of the YWCA Edmonton's Women of Distinction. She received the Governor General's Award in Commemoration of the Persons Case (2006) and has a school and a park named after her.

What is exceptional about Jan is the depth and breadth of her work and passion. Whether contributing to society at large as Mayor of Edmonton, City Councillor, or private citizen, Jan consistently enables social development. As mayor she introduced Edmonton's recycling and waste reduction strategies, the City's first initiatives on addressing climate change, and was a strong advocate for preserving and protecting Edmonton's river valley and watershed.

For the last twenty-three years, she has served as the Executive Director for the Alberta Council of Women's Shelters (an organization that supports the sheltering movement in Alberta and works to end violence against women). Jan is a well-known resource on gendered violence prevention and intervention.

Under her leadership, the Alberta Council of Women's Shelters hosted the first ever World Conference of Women's Shelters. More than 800 delegates from 60 countries attended. The conference also provided the impetus for both a Canadian and a Global Network of Women's Shelters. Jan is a founding member of both organizations. The Global Network has gone on to host four World Conferences and Women's Shelters Canada played a pivotal role in supporting shelters across Canada during the pandemic as well as in advocating for a National Action Plan. The organization has grown to include teams skilled in data collection, action-based research, anti-bias and anti-violence training, and collaborative problem solving. This has included shared annual shelter data with the public to show what is happening in Alberta women's shelters, conducting the first ever men's attitude survey on gender-based violence in Canada which further developed ACWS' innovative work engaging men and boys and seeing three books published: *Standing Together*, *Project Impact* and *We Need to Do This*.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Ms. Jan Reimer:

Book artist and printmaker Susan Lowdermilk designed and produced this engaging artist's book featuring a poem by Emily Dickinson (1830–1886). With masterful skill as a paper engineer, Lowdermilk created a book with four pop-up spreads that beautifully complement Dickinson's observations on the wonders of nature. Lowdermilk explains that the book "speaks to the inherent interconnection of environmental elements. Today, as our planet experiences increasing climate instability, Dickinson's message is a relevant reminder to honor and protect our environment" (susanlowdermilk.com). The book's pop-up elements were printed on a Vandercook No. 14 Proof Press while the text was printed letterpress on a 1912 Chandler and Price by Kristin Walker at Twin Ravens Press. This copy is number 6 in an edition of 30.

CONGRATULATIONS GRADUATES

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

HONORARY DEGREE RECIPIENT

CONGRATULATIONS

DR. RANDY GREGG

Doctor of Science

Presented by Dr. Kyra Pyke, Dean, Faculty of Kinesiology, Sport, and Recreation and Dr. David Turpin, President Emeritus

Convocation Speaker: November 27, 3:00 pm

Presented by Dr. Tammy Hopper, Dean, Faculty of Rehabilitation Medicine

As a physician, philanthropist and role model, Dr. Randy Gregg has helped thousands of people of all ages enjoy the benefits of sport and recreation while building a better community for everyone.

From captain of the U of A Golden Bears and Canadian Olympic hockey teams to a storied NHL career including five Stanley Cup wins with the Edmonton Oilers, he has parlayed his leadership on the ice into a lasting legacy. As a student he played for the Golden Bears, and in 1979 served as Captain. The team won two national championships during his tenure and Randy was awarded the Canadian Interuniversity Athletic Union's Player of the Year Award in 1979. His dedication is recognized annually by U Sports through the Dr. Randy Gregg Award, presented to a student-athlete who has shown outstanding achievement in ice hockey, academics and community involvement. He was inducted into the Olympic Hall of Fame in 1999 and the Alberta Hockey Hall of Fame in 2022.

After retiring from hockey, he established a medical practice in Edmonton and dedicated himself to providing sport and recreation opportunities to people from all walks of life. He volunteered as team doctor for Canadian national teams and established FunTeam Alberta, a non-profit organization that fosters equitable access to sports for children, youth and adults. As Honorary Chair of Ronald McDonald House, he helped lead the fundraising to build the House in Edmonton supporting hundreds of families in crisis. More recently, he led the establishment of the Edmonton Riverhawks baseball team, making elite summer collegiate baseball sporting events affordable and accessible for families and sports fans.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr. Randy Gregg:

George A. Meagher. *Lessons in Skating: With Suggestions Respecting Hockey, Its Laws, and American Hockey Rules*. New York: Dodd, Mead and Company, 1900.

While the main focus of this rare book is on skating, the author includes a few final chapters on hockey where he explains the rules of the game in Ontario and Québec as well as the "playing and championship rules of ice hockey" of the Amateur Hockey League of New York (95). In his chapter titled "Hockey on the Ice", George A. Meagher (1866–1930) shows marked enthusiasm for the game: "It would be difficult to conceive a wilder, more madly fascinating, and gloriously exciting game than 'Hockey.' We have just to look about us to see how intensely popular this sport has become in Canada ... It 'embodies' all the 'good points' of most games, such as football, lacrosse, baseball, etc., and has more additional requisites in which general athletic knowledge and ability may be displayed than any field game extant. In Paris, London and Glasgow the Canadian game of hockey was introduced in the artificial ice rinks by the writer in the year 1895, and is now played across the water with as much éclat as it is in Canada" (82). This illustrated book is highly sought after by collectors with an interest in early books on skating and hockey, and it is a welcome addition to Bruce Peel Special Collections. This copy has an attractive green cloth binding with an illustration of a skate on the cover and hockey sticks on the spine.

Honour with purpose: Do you know of someone extraordinary?
Nominate them for a U of A Honorary Degree today! uab.ca/hdnoms

CONGRATULATIONS GRADUATES

WEDNESDAY, NOVEMBER 27, 10 A.M.

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

CONGRATULATIONS GRADUATES

WEDNESDAY, NOVEMBER 27, 3 P.M.

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

FACULTY OF MEDICINE & DENTISTRY

Presented by Dr. Brenda Hemmelgarn, Dean, Medicine & Dentistry/Dr. Ali Shiri, Vice-Dean, Faculty of Graduate and Postdoctoral Studies

DOCTOR OF PHILOSOPHY

Rabih Abou Farraj, Biochemistry, Edmonton
Parnian Alavi, Medicine, Edmonton
Huda Farook Al-Shamali, Psychiatry, Edmonton
Khadija Rashed Alzahrani, Medicine, Saudi Arabia

WELCOME TO THE ALUMNI COMMUNITY

Congratulations on your graduation. Your walk across the stage completes your journey as a University of Alberta student. Your alumni journey starts today.

As a U of A grad, you're joining a worldwide community of more than 300,000 people. For more than a century, alumni have inherited the spirit of our founders, who imagined the U of A as an open laboratory of ideas and action: a place that gives us the courage to try anything. To arrive as one person and to leave as someone else. To learn, to try, to seek truth and to solve problems with quiet confidence. To become change makers and world shapers. To always be looking forward, and to never be satisfied with the "now." That spirit of building solutions together, for the greater good, lives on in our alumni.

The community you join today will support your ongoing success, as it has done for generations, and continue to guide your path of leading with purpose.

U of A alumni have addressed global challenges and improved lives for people across the globe and for those right next door. U of A grads have led breakthroughs in every sector, built industries, created communities and been leaders at every level. They enrich the social and cultural lives of communities.

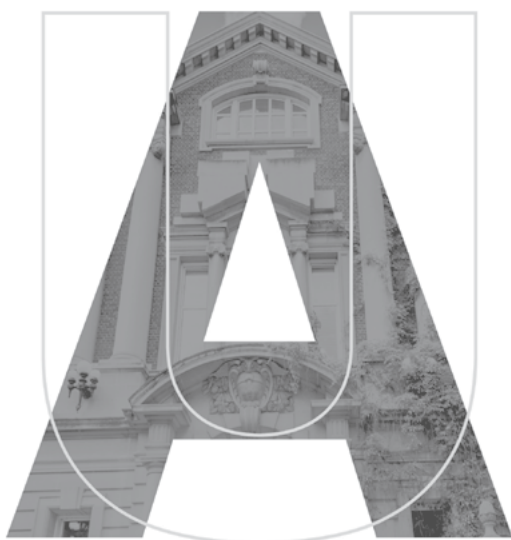

Globally, U of A alumni have founded more than 75,000 companies that contribute \$250 billion to the global economy and employ 922,000 people worldwide. Of those, 560,000 people are in Alberta and make up more than 22% of the province's total workforce. And 65% of grads are committed to careers that make substantial contributions to the social and economic welfare of the wider public, including grads who improve health, well-being and safety ; promote social and cultural inclusion; advance equality and opportunity.
