Students will take 432/433 or 437 in Spring of Year 1, and the other in Fall of Year 2.

Summer

Honors Only
NURS 431 H101-H107

All Students
NURS 205B LEC 800
NURS 431 H101-H107

BScN After Degree Program Year 2 Registration Guide 2024-25

**UNIVERSITY
OF ALBERTA**

Students must choose a sequence that includes the course(s) not taken in Spring of Year 1.

Fall

Honors Only:

NURS 435 LAB D203
NURS 499 SEM 800
INT D 403
INT D 408
AND
NURS 437 LAB D602

NURS 432+433/437: Registration in the LAB will automatically register the student in LEC and CLN.

INT D 403/408: Students must enroll in any LEC "N" section for both courses. This provides the 2 Interprofessional Learning credits.

Sequence 1

NURS 435 LAB D201-D203
NURS 437 LAB D601-D602
INT D 403
INT D 408

Sequence 2

NURS 435 LAB D601-D603
NURS 437 LAB D201-D202
INT D 403
INT D 408

Sequence 3

NURS 435 LAB D201-D203
NURS 432 LAB D601/D602
NURS 433 LEC A801
INT D 403
INT D 408

Sequence 4

NURS 435 LAB D601-D603
NURS 432 LAB D401/D402
NURS 433 LEC A201
INT D 403
INT D 408

Sequence 5

NURS 435 LAB D201-D203
NURS 432 LAB D801/D802
NURS 433 LEC A601
INT D 403
INT D 408

Sequence 6

NURS 435 LAB D601-D603
NURS 432 LAB D201/D202
NURS 433 LEC A401
INT D 403
INT D 408

Winter

Honors Only:

Sequence 2
NURS 485 LAB Y02

Sequence 1

NURS 422 LEC B01
NURS 425 LEC Y01
INT D 420 LEC 850

Sequence 2

NURS 485 LAB Y02

Sp/Su

Honors Only:

Sequence 2 AND
NURS 205A+B LEC 800

Sequence 1

NURS 485A LAB Y02
NURS 485B LAB Y02

Sequence 2

NURS 422 A/B LEC C01
NURS 425 A/B LEC Y01
INT D 420 A/B LEC 801

NURS 425/485: Students will be enrolling into a bulk section (Y02); final section placements will be assigned by the Faculty of Nursing.

BScN After Degree Program Year 2 Registration Guide 2024-25

UNIVERSITY OF ALBERTA
FACULTY OF NURSING

Notes on Clinical Placements

Clinical practice preparation prior to the start of clinicals is required in addition to direct course hours. Details are included in the course outline.

Assigned times for Clinicals (e.g. 6:30am-11pm, 12:01am-11:59pm) indicate the possible ranges of time when clinical shifts may be scheduled.

The shifts will be assigned by the clinical setting, specifics on the times and locations will be provided in the course notes. Hybrid Clinical Learning Days may also be scheduled as a part of Clinicals.

After the registration deadline (**June 15th**), students will be set up in HSPnet and assigned their placements. Students should not attempt to register themselves into different sections thereafter to swap placements.

If you have already completed your placement request for NURS 485 and you have serious concerns about your placement, i.e., health concerns, academic concerns, or a conflicting UNE position, please contact nursing.preceptorship@ualberta.ca.

Students may not go to a unit/area where they have worked or have a relative working on the unit. Please notify the Faculty as soon as possible following the posting of clinical groups if you find you are placed where you work or have worked.

Clinical Accommodations are available for students that require them. Please apply via the procedure on the webpage for each clinical course in which you require accommodations: <https://www.ualberta.ca/nursing/student-services/undergraduate/clinical/clinical-accommodations.html>

Please apply for Clinical Accommodations as soon as possible. Applications received after May 1st for Fall 2024 courses and September 1st for Winter 2025 courses may have fewer accommodations available.

Sequences and patterns are based on the days of the week on which courses and clinicals are taught. Please refer to Bear Tracks for exact schedules.
