Residence Requirements

The University of Alberta is committed to admitting highly qualified students from Alberta, Canada and the international community. To meet the needs of the community the University serves, some Faculties have established program enrolment targets regarding the citizenship and residence* of undergraduate students. No non-resident shall be admitted to a Faculty who is less qualified than any Alberta resident who is denied admission to that Faculty.

*A resident of Alberta is defined as a Canadian Citizen or Permanent Resident (Landed Immigrant) who has been continuously resident in the Province of Alberta, the Yukon, the Northwest Territories or Nunavut for at least one year immediately before the first day of classes of the term for which admission is sought. The one-year residence period shall not be considered broken where the admission committee is satisfied that the applicant was temporarily out of the province on vacation, in short-term employment, or as a full-time student. Applicants on study permit cannot establish residence during a period as a full-time student in an Alberta secondary or postsecondary institution because a stay under study permit is considered to be a visiting period.

Language Proficiency Requirements

English Language Proficiency

English is the primary language of instruction in all Faculties except Faculté Saint-Jean. All undergraduate applicants to any program or course except Faculté Saint-Jean need an adequate level of English language proficiency before admission, regardless of their citizenship status or country of origin.

The University of Alberta reserves the right to use discretion in determining adequate levels of language proficiency to ensure success in academic programs. In some cases, additional English language testing, conducted by the Faculty of Extension, may be required to confirm English proficiency.

Proficiency in English may be fulfilled in one of the following ways:

- Successful completion of three years of full-time education in English
 - In Canada (see Notes 1, 2, 3 and 8).
 - In another country where English is recognized as an official language of instruction (see Notes 1, 2, 3, 5 and 8).
 - At a recognized secondary school which uses English as the primary language of instruction (see Notes 1, 2, 3, 5 and 8).
 - At a recognized postsecondary institution which uses English as the primary language of instruction (see Notes 1, 2, 3, and 5).
- Successful completion of the equivalent of three years of full-time instruction in a school/institution in Canada in which the major language of instruction is other than English, but where the level of English proficiency required for graduation is equivalent to that in English language schools/institutions in Canada.

- Completion of one of the following:
 - A final blended grade of 75% or better in English Language Arts 30-1 from Alberta or English 12 from British Columbia. The blended grade is the final mark from the provincial Ministry of Education which includes the diploma or provincial examination mark,
 - A final or predicted grade of 5 or better on the International Baccalaureate English A1, A2, or a grade of 6 or better on English B,
 - A final or predicted grade of 5 or better on the International Baccalaureate English A: Literature or English A: Language and Literature

 - A grade of B+ or better in ★6 of university-level English studies completed at a recognized English language institution which must be transferable as ★6 of English at the University of Alberta.
- Graduation from a recognized degree program offered by an accredited university at which English is the primary language of instruction or in a country where English is the primary language (see Note 5).
 - One of the two TOEFL (Test of English as a Foreign Language) test formats with the appropriate score;
 - Internet-based TOEFL (iBT) of at least 86, with no less than 21 on each band (see Note 4).

Postsecondary Transfer Applicants

Admission of postsecondary transfer applicants is generally based on both high school admission requirements and academic performance in postsecondary coursework, transferable to the University of Alberta (See Admissions Chart 3 below for details). However, some Faculties have additional program specific requirements; applicants should also consult specific Faculty and program admission requirements in Admission Requirements by Faculty for further information.

This section also applies to applicants transferring from one Faculty or program to another at the University of Alberta.

Admission is competitive.

Transfer from a Postsecondary Institutions

Notwithstanding the following information, admission to the University of Alberta is competitive. Many programs may require a higher minimum admission average than that specified below.

- Admission Grade Point Average (AGPA) Calculation: The AGPA is calculated on all university transferable coursework completed in the most recent two terms of study if they contain a minimum of ★24. If those two terms contain less than ★24, all work in the next most recent term(s) is included in the calculation until the minimum total of ★24 is reached. Fall/Winter courses are considered Winter courses in these calculations. For applicants who have attempted less than ★24 of transferable postsecondary work, the AGPA is based on all university or university transfer credits attempted.

Note: Where the applicant has more than one passing grade for the same course at any institution, only the first passing grade is used in calculating the grade point average(s) for admission purposes.
- Applicants who have met the appropriate minimum matriculation requirements on first admission to another postsecondary institution will be considered for admission to the University of Alberta, if they
 - present an admission grade point average (AGPA) of at least 2.0;
 - meet all other admission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
- Students seeking admission who had not taken all five required Grade 12 subjects on first admission to another postsecondary program will be considered for admission to the University if they
 - have successfully completed, through further high school or university transfer work, the five required matriculation subject areas specified for admission to the particular degree program to which the student has applied;
 - present the appropriate minimum application average on all five subjects specified for admission;
 - meet all other admission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).

Admissions Chart 3 Substitution of High School-Level Course Requirements

Admissions Chart 3 sets out the transferable postsecondary credit which will be substituted in cases where applicants do not present, for the programs to which applications are being made, the appropriate High School-level courses based on the Alberta Education curriculum. Prospective students who completed high school education from outside Alberta should review the Provincial Admission Course Equivalents for acceptable high school courses in the three categories at www.admissions.ualberta.ca. Only 5-credit courses will be used for admission purposes.

6. To be considered for admission or readmission, an applicant who has been required to withdraw from another postsecondary institution must

 - b. subsequent to having been required to withdraw, have successfully completed at least ★24 transferable to the University;
 - c. present an AGPA of at least 2.0;
 - d. meet all other admission or readmission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).

Transfer of Credit

Transfer credit may be granted to admitted applicants who have completed one or more University level course(s) at another recognized postsecondary institution. Transfer credit reduces the number of courses a student is required to take to qualify for a degree at the University of Alberta. The amount of transfer credit granted depends on how applicable the previous coursework is to the particular degree program to which the student has been admitted.

A maximum of ★60 (credits) or its equivalent (e.g., 10 full courses or 20 half courses) from previously attended postsecondary institution(s) may be granted toward a University of Alberta undergraduate degree program.

Also, some Faculties have placed a limit on the number courses for which transfer credit may be granted. Prospective students should consult the Faculty program sections of the Calendar or a Faculty advisor for further details.

Some postsecondary institutions within Alberta have approved university transfer programs that provide courses for transfer. The online *Alberta Transfer Guide* provides information on previously approved transferable courses and programs between many of the Alberta postsecondary institutions and the University of Alberta. In addition to those transfer agreements in the transfer guide, a course offered for credit by another research-intensive university within Alberta (University of Alberta, University of Calgary, University of Lethbridge, and Athabasca University) shall be granted credit, subject to meeting minimum grade and program requirements. Consequently, the transfer equivalents are not listed in the *Alberta Transfer Guide*. For postsecondary institutions outside of Alberta and within Canada, the University of Alberta will normally grant transfer credit for those courses that are presented in the appropriate provincial transfer guides as transferable to the research-intensive universities within that province, subject to meeting grade and program requirements.

Notes

1. Transfer credit will be granted for 100-level language courses (or equivalent) that have been successfully completed, except where a high school (Grade 12 level) course in the same language has also been successfully completed.
2. Transfer credit will be granted for each course transferable to the University of Alberta if the grade achieved is at least a C- (or its equivalent) and the course is applicable to the specific program to which the student has been admitted.

3. Among all research-intensive universities, transfer credit is assessed on an individual course-by-course basis.
4. The *Alberta Transfer Guide* explains the nature and the detail of transfer credit agreements among various postsecondary institutions in Alberta, Northwest Territories, Nunavut, and the Yukon. It is available online at www.transferralberta.ca.
5. Once transfer credit has been granted toward a student's program, any subsequent change of program will result in the reassessment of all previously granted transfer credit for applicability to the new degree program.

Additional transfer information may be found at www.admissions.ualberta.ca/transfer.

Advanced Placement

Advanced placement may be granted to applicants who have taken the equivalent of university courses in some other manner. This excuses them from taking the corresponding university courses, but other courses must be taken instead. Thus, students who have been granted advanced placement will not have the length of their program reduced.

If applicants feel they may be eligible for either transfer credit or advanced placement, they should ensure that the application is submitted well in advance of the deadlines given in Undergraduate Application Procedures. The University reserves the right to require applicants for transfer credit or advanced placement to write examinations at any level including that of matriculation.

Credit by Special Assessment

Some Faculties allow students to seek credit in certain specified courses without actually registering in and taking courses, if they can demonstrate an acceptable level of mastery of the course content. The procedure whereby a student seeks credit in a course by this nontraditional route is known as Credit by Special Assessment.

Faculties, in consultation with departments, will determine which, if any, of their courses may be attempted by special assessment and the conditions that a student must satisfy to have an application approved. In particular, students in any Faculty who wish to apply for credit by special assessment in a language course offered within the Faculty of Arts should consult Credit by Special Assessment.

The privilege of seeking credit in a course by special assessment is limited to students admitted to the University. Students wishing to receive credit in courses this way should report to their Faculty Office to be apprised of Faculty regulations and deadlines for submission of applications.

All grades obtained in attempts by special assessment, including failing grades, will be recorded on students' transcripts and computed into their student record in accordance with the policies of the students' Faculties.

Please refer to Fees Payment Guide for fee information.

Admission of Aboriginal Applicants

General Statement

The University of Alberta is committed to the recruitment, retention and graduation of Aboriginal students. The University also recognizes that Aboriginal applicants have traditionally been under represented in higher education and strives towards having the University's Aboriginal student population attain a level that is at least proportionate to the Aboriginal population of the province.

In order to facilitate appropriate representation of Aboriginal students on campus, additional qualified applicants may be considered over and above the Aboriginal students who are admitted in the regular competition for places in a Faculty. Aboriginal applicants who wish to be considered for such additional places must attain the minimum admission requirements of their chosen program as prescribed by the University and its Faculties and programs. To assist the University in achieving this overall goal, Faculties are encouraged to set aside places specifically for Aboriginal applicants, the number being consistent with the available pool, student interests, and available teaching and learning support services.

Definition of Aboriginal People for the Purpose of Admission

- Definition of an Aboriginal Applicant:** For the purpose of application and admission to the University of Alberta, and in accordance with the Constitution Act, 1982, Part II, Section 35(2), an Aboriginal applicant is an Indian, Inuit, or Métis person of Canada, or a person who is accepted by one of the Aboriginal peoples of Canada as a member of their community.
- Proof of Aboriginal Ancestry:** Proof of Aboriginal ancestry may be required by Faculties; candidates will be advised at the time of application if they must provide it. Where proof is required, documentation will be verified by
 - the Faculty of Law, if application is made to the Faculty of Law;
 - the Faculty of Medicine and Dentistry, if the application is made to the Dentistry, Medicine, Dental Hygiene or Medical Laboratory Science programs;
 - the Aboriginal Student Services Centre, acting on behalf of all other Faculties, if application is made to any other program.

Aboriginal applicants must be aware that proof of ancestry does not guarantee admission to any program. All positions at the University are competitive and admission committees will make their selections from among the best qualified candidates. Candidates may also be required to demonstrate their connection to an Aboriginal community. The following is accepted as proof of ancestry, for the purpose of application:

- a certified copy of a Status or Treaty card;
- a certified copy of a Métis membership card;
- a certified copy of a Nunavut Trust Certificate card, roll number or any other proof accepted by Inuit communities;
- proof that an ancestor's name has been entered
 - in the Indian Register according to the Indian Act, or
 - on the band list of an individual band, or
 - on the Inuit roll;
- evidence of an ancestor who received a land grant or a scrip grant under the Manitoba Act or the Dominion Lands Act;
- written confirmation of Aboriginal ancestry from the Department of Indian Affairs;
- written confirmation of membership by a band council which has enacted its own band membership code;
- a Statutory Declaration by an applicant attesting to Aboriginal ancestry, supplemented by letters or documentation supporting the Declaration
 - from an official of a recognized native organization, or
 - from a relative in an Aboriginal community, or
 - from the applicant describing involvement with Aboriginal issues.

Other forms of proof may be considered.

3. Residence

- Regarding Application: Residence regulations affecting application to any program at this University shall be waived for Aboriginal applicants.
- Regarding Admission: For the purpose of determining admission to a program, an Aboriginal applicant who is not resident in Alberta will be considered in the following categories and in the order specified:
 - First, as a candidate for the positions reserved for out-of-province applicants.
 - Second, as a candidate for the positions reserved for Alberta residents. Residence regulations shall be waived for this purpose.
 - Third, as a candidate for positions set aside specifically for Aboriginal applicants. Preference for these positions may be given to those who are resident in Alberta.

4. Appeal on Aboriginal Status

Appeals regarding Aboriginal status for the purpose of application can be made to the Office of the Provost and Vice-President (Academic). Appeals may be made on status only and must be received, in writing, within 30 days of the date on the letter advising that proof submitted in support of Aboriginal status has not been accepted for the purpose of application to a program.

In the case of an appeal, the Office of the Provost and Vice-President (Academic) shall authorize a panel to review the decision, consisting of the following members:

- in the Chair, the Provost and Vice-President (Academic) (or delegate)
- President, Aboriginal Students Council (or delegate)
- an Elder (appointed by the University of Alberta Aboriginal Council)
- an appropriate representative of an Indian, Métis or Inuit community (appointed by the University of Alberta Aboriginal Council)

- a member of a Faculty not associated with the case [appointed by the Provost and Vice-President (Academic)].

The decision of the appeal panel is final and binding.

Transition Year Program for Aboriginal Applicants

The University of Alberta encourages Aboriginal students to apply for entrance to its degree programs through the normal admission categories as detailed in Admission Requirements by Faculty. Prospective students who do not meet these requirements may be eligible for admission by successfully completing a Transition Year Program.

The Aboriginal Student Services Centre, in conjunction with several Faculties, administers these Transition Year Programs. These separate streams give Aboriginal students the opportunity to excel in the academic courses within their chosen Faculty and assist them to integrate into the campus community. Students admitted to a Transition Year Program will take a combination of degree credit courses and tutorial, support classes.

Admission into a degree program via this particular route is a two-step process. Applicants must first be admitted into a Transition Year Program, perform satisfactorily on all courses during the program, and then apply the following year for admission to the degree program. The admission requirements follow.

For more information about the Transition Year Program, contact Aboriginal Student Services Centre, 2-400 Students' Union Building University of Alberta, Edmonton, Alberta, T6G 2J7; (780) 492-5677 assoc.reception@ualberta.ca or visit the website at www.aboriginalservices.ualberta.ca.

Nonmatriculated Applicants

The University of Alberta gives special consideration to nonmatriculated applicants for admission to some undergraduate programs. To be considered for admission as a nonmatriculated applicant, an applicant must be 21 years of age or older by the first day of classes of the term in which admission is sought. Specific Faculty requirements for those Faculties that do consider nonmatriculated applicants for admission are outlined in Admission Requirements by Faculty.

Nonmatriculated applicants must normally complete specific Grade 12 courses (or equivalents) appropriate to each Faculty with a minimum passing grade in each required course and a minimum overall average of 70% (on a 50% passing scale). There is a limit on the number of nonmatriculated applicants admitted into each program; there is no guarantee that candidates meeting the minimum criteria will be admitted. Applicants are considered based on their academic merit and interview results where applicable. Notwithstanding the basis of admission, all applicants, once admitted, have the same rights, privileges, and responsibilities.

The application deadlines for nonmatriculated applicants are the same as for high school applicants (see Admission and Readmission Deadlines).

First- and Second-Year Students with GPAs of 1.3 to 1.6-Admission to Fresh Start Program

To be considered for admission to the Fresh Start Program, the applicant must

1. present a Grade Point Average of between 1.3 and 1.6;
2. have not been previously required to withdraw from any postsecondary institution; and
3. be recommended for admission by the Faculty in which they were registered in the preceding year.

Admission for Applicants from International Baccalaureate and Advanced Placement Curricula

Applicants from International Baccalaureate (IB)

Admission to the University of Alberta for high school students enrolled in the IB program is based on IB grades or, if a second curriculum is studied in conjunction with IB (i.e., Alberta Education Diploma), the higher of either the IB or high school grade will be used. An official IB transcript of final results is required in all cases.

If a combination of second curriculum and IB courses are used in the calculation of the admission average, the grade conversion scale used to determine admission is as follows:

| IB Grade | Admission % Equivalent |
|----------|----------------------------|
| 7 | 98% |
| 6 | 90% |
| 5 | 82% |
| 4 | 73% |
| 3 | 55% |
| 2 | not accepted for admission |
| 1 | not accepted for admission |

For full IB Diploma students, admission may be offered based on the presentation of IB Organization approved predicted points with a total of 30 or higher (including additional points, no single grade less than 4). Required subjects and competitive averages vary by program.

IB Transfer Credit Policy

Students who are enrolled in the International Baccalaureate program must submit official IB transcripts by the document deadline (see Admission and Readmission Deadlines). Advanced Standing (credit or placement) in approved courses is awarded for an IB grade of 6 or 7 only (see Advanced Placement and Credit by Special Assessment). Students who are awarded the IB Diploma are granted ★3 (credits) in an open elective course at the 100-level. For a list of eligible IB courses approved for advanced standing, refer to Admission Chart 4.

Applicants qualifying for transfer credit based on IB coursework will have the option of declining the credit on a course-by-course basis. The decision to decline credit is final and cannot be reversed. All grades earned in subsequent coursework, including failing grades, will be permanently recorded on students' transcripts and computed into GPA calculations in accordance with the policies of the students' Faculties. Applicants wishing to decline credit must contact IBstudent@ualberta.ca prior to the Fall Term course registration deadline (see Academic Schedule 2016-2017).

Notes

- Students who are eligible for Advanced Placement may register in a senior course. In the case of Language other than English courses students with Advanced Placement will be permitted to register in a senior level course after determination of their background qualifications for that course (interview, placement test, etc.). Students may also challenge a junior or senior course for credit via the Credit by Special Assessment route if they have appropriate qualifications and are eligible within the regulations.
- Credit will be awarded for all five regional options offered at the higher level (HL), including Africa; Americas; East and South East Asia and Oceania; Europe (including Russia); and South Asia and the Middle East (including North Africa).
- For students entering the Faculty of Engineering, transfer credit for the first (qualifying) year courses does not reduce the minimum load requirement of 37.0 units.
- Students wishing to pursue credit by special assessment, please refer to Credit by Special Assessment for information.
- When students are instructed 'not to take' a specific course and a generic 100-level credit is granted, this credit may be used to meet the prerequisite for any higher level course requiring the specific course in question.

Applicants from Advanced Placement Curriculum (AP)

Admission for high school students enrolled in the AP program is based on the higher of either the high school grade or the AP grade. An official AP transcript is required as part of the admission process. If AP grades are not available at the time of admission selections, the high school grade is used.

The grade conversion scale used to determine admission is as follows:

| AP | Admission % Equivalent |
|----|------------------------|
| 5 | 96% |
| 4 | 86% |
| 3 | 76% |
| 2 | 65% |

Students who are enrolled in the Advanced Placement (AP) program must submit official AP transcripts by the document deadline (see Admission and Readmission Deadlines). Advanced Standing (credit or placement) in approved courses is awarded for an AP grade of 4 or 5 only (see Transfer of Credit, Advanced Placement and Credit by Special Assessment). For a list of eligible AP courses approved for advanced standing, refer to Admissions Chart 5. Applicants qualifying for transfer credit based on AP coursework will have the option of declining the credit on a course-by-course basis. The decision to decline credit is final and cannot be reversed. All grades earned in subsequent coursework, including failing grades, will be permanently recorded on students' transcripts and computed into GPA calculations in accordance with the policies of the students' Faculties. Applicants wishing to decline credit must contact the Office of the Registrar (AP@registrar.ualberta.ca) for details on necessary procedures prior to the Fall Term course registration deadline (see Academic Schedule 2016-2017).

BSc in Nutrition and Food Science, Dietetics Specialization

1. Enrolment

Enrolment is limited to an annual quota of 50 students. Preference is given to Alberta residents as defined in Residence Requirements.

2. Preprofessional Year

Admission to the Dietetics Specialization requires completion of a preprofessional year. Students generally complete their preprofessional year in the BSc in Nutrition and Food Science General Program. Faculty admission requirements must be met as outlined in BSc in Agriculture, BSc in Animal Health, BSc in Environmental and Conservation Sciences, BSc in Forestry, and BSc in Nutrition and Food Science (General Program). Coursework completed during the preprofessional year is not considered to be part of the degree requirements for the Dietetics Specialization

3. Minimum Admission Requirements

Entrance to this specialization takes place after at least one year of preprofessional university (or equivalent) studies [see Preprofessional Year

above]. All admissions are competitive. Meeting the minimum AGPA and course requirements does not guarantee admission to the Dietetics Specialization. All applicants must present with a minimum AGPA of 2.7 on their last ★30 and a demonstrated ability to perform well in a consecutive Fall/Winter session of full-time study (preferably ★30). Required courses for admission to the Dietetics Specialization are:

- a. BIOL 107
- b. CHEM 101 and CHEM 102
- c. CHEM (CHEM 164 or CHEM 261)
- d. ★6 ENGL or ★3 ENGL and ★3 WRS
- e. NUTR 100
- f. NU FS 100
- g. STAT 151

Students cannot apply to the Dietetics Specialization if they have completed more than ★90 of the requirements for BSc Honors in Nutrition, BSc Honors in Food Science or BSc Nutrition and Food Science General Program.

4. Other Requirements

- a. Spoken English Proficiency: Applicants must meet a spoken English requirement. (See Spoken English Requirement.)
- b. Letter of Intent: Applicants must submit a letter with their application for admission stating their career goals, knowledge of the profession, related experience, and reasons for seeking admission to the Dietetics Specialization. Prospective students should have spoken with a Registered Dietitian and undertaken significant career exploration prior to seeking admission. Further details regarding the Letter of Intent is available on the Faculty of Agricultural, Life and Environmental Sciences website at: www.ales.ualberta.ca.
- c. Interview: Competitive applicants must present themselves for an interview to determine if they have the personal qualities necessary for the program. The interview evaluates the applicant's maturity, initiative, ability to communicate, leadership skills and critical thinking abilities. Interview selection is based on academic achievement in the prerequisite courses, overall academic achievement (emphasizing recent academic performance), a demonstrated interest in Dietetics and the content and format of their Letter of Intent. The interim document deadline is February 1. Applicants who fail to submit the interim documents (two official transcripts, and the required Letter of Intent) by the deadline cannot be evaluated for interview selection. The interview dates differ each year; short-listed applicants will be advised of the interview dates by letter or e-mail.
- d. Letters of Reference: Applicants must provide three closed, professional letters of reference attesting to their suitability for entry into the dietetic profession.
- e. Health and Safety Requirements: There are a number of health and safety-related requirements that must be met upon admission to the Dietetics Specialization. Applicants should be aware that both immunization and criminal records checks are required. Further information regarding these requirements and deadlines is available on the Faculty of Agricultural, Life and Environmental Sciences website at: www.ales.ualberta.ca.
- f. Rural Placement Requirement: Applicants should be aware that in order to achieve the program's requirements, relocation to a rural community is required on one or more occasions during the program's professional practice course work.
- g. Residence Requirement and Proof of Residency Status: Because residency status may be a factor in the ultimate ranking of applicants, applicants may be required to present proof of residency status. See Residence Requirements.
- h. Acceptance Deposit: Upon notification of acceptance, successful applicants will be required to confirm their intention to register by submitting a nonrefundable tuition deposit within a specified time. The deposit will be credited toward payment of tuition upon completion of registration. Further details regarding the Acceptance Deposit is available on the Faculty of Agricultural, Life and Environmental Sciences website at: www.ales.ualberta.ca.

5. Selection Process

- a. The Admissions Committee is responsible for selecting from among the applicant pool, those individuals who have demonstrated promise to successfully complete the program and achieve the registration requirements of the College of Dietitians of Alberta. The Admissions Committee reserves the right to use its judgment with respect to the assessment of applicants. The Dietetics Specialization has an annual

quota of 50 students and admission is competitive. The number of applicants may exceed the number of available spaces and therefore not all qualified candidates will be offered admission.

- b. Applicants are ranked on their academic achievement in the prerequisite courses; overall academic achievement (emphasizing recent academic performance); the content and format of their Letter of Intent; the strength of their letters of reference and their performance in the interview process.

BSc in Nutrition and Food Science, Food Science and Technology Specialization

Students must present ★24 applicable to the BSc Nutrition and Food Science program with a minimum AGPA of 2.7, calculated on the most recent Fall/Winter Terms in which a minimum of ★24 is taken. Students may prepare for the BSc Nutrition and Food Science, Food Science and Technology Specialization by completing their first year in the BSc Nutrition and Food Science General Program or in another Faculty or postsecondary institution. Students who do not meet the specific subject requirements in Faculty of Agricultural, Life and Environmental Sciences will not be considered for admission to the Faculty of Agricultural, Life and Environmental Sciences. Any deficiencies in matriculation subjects must be cleared before admission. Students who are deficient in one or more matriculation subjects may fulfil this deficiency with University transferable work in the same subject area as described in Admission Chart 3.
2. Students registered in another Faculty at the University of Alberta or in another postsecondary institution may apply to transfer to the Faculty of Agricultural, Life and Environmental Sciences. Applicants who have completed ★24 or more transferable to the University of Alberta will be considered for admission on the basis of their admission grade point average (AGPA) if they have an AGPA of at least 2.0 (2.3 for the Business Management programs; 2.7 for the BSc in Nutrition and Food Science, Food Science and Technology Specialization and the BSc in Nutrition and Food Science, Dietetics Specialization; and 3.0 for the BSc in Honors in Food Science and the BSc Honors in Nutrition) and meet all other admission requirements. Applicants to the BSc in Environmental and Conservation Sciences - Bilingual program should see General Information. Refer to Admission Grade Point Average (AGPA) Calculation for calculation of AGPA. Applicants should note that possession of the minimum requirements does not guarantee admission. Transfer credit will be given for completed coursework that is applicable to the degree.
3. Transfer applicants who have completed less than ★24 transferable to the University of Alberta will be considered for admission on the basis of their high school matriculation average and their postsecondary coursework.
4. Subsequent to having been required to withdraw from any other postsecondary institution, students must have successfully completed at least ★24 transferable to the University of Alberta with an AGPA of 2.0 (2.3 for the Business Management programs; 2.7 for the BSc in Nutrition and Food Science, Food Science and Technology Specialization and the BSc in Nutrition and Food Science, Dietetics Specialization; and 3.0 for the BSc in Honors in Food Science and the BSc Honors in Nutrition) to be considered for admission. Applicants who have twice been required to withdraw from any postsecondary institution or program will not normally be considered for admission to the Faculty of Agricultural, Life and Environmental Sciences. Refer to Admission Grade Point Average (AGPA) Calculation for calculation of AGPA.
5. Students who have been required to withdraw from the University of Alberta and who then complete ★18 transferable to the University of Alberta with an AGPA of 2.7 or ★24 transferable to the University of Alberta with an AGPA of 2.0 (2.3 for the Business Management programs; 2.7 for the BSc in Nutrition and Food Science, Food Science and Technology Specialization and the BSc in Nutrition and Food Science, Dietetics Specialization; and 3.0 for the BSc in Honors in Food Science and the BSc Honors in Nutrition) may apply for readmission to the Faculty,

unless they have been required to withdraw more than once from any postsecondary programs (see Application of Academic Standing d.ii.).

Transfer from Approved Diploma Programs

Graduates of Faculty-approved two-year diploma programs may receive up to ★60 towards their degree. Diploma transfer students must present a competitive admission GPA and meet all matriculation subject requirements. Students who do not meet the specific subject requirements in Faculty of Agricultural, Life and Environmental Sciences will not be considered for admission to the Faculty of Agricultural, Life and Environmental Sciences. Any deficiencies in matriculation subjects must be cleared before admission to the Faculty. Students who are deficient in one or more matriculation subjects may fulfil this deficiency with University transferable work in the same subject area as described in Admission Chart 3. For details on current transfer agreements and admission requirements, students should contact Agricultural, Life and Environmental Sciences, Student Services at (780) 492-4933, 1-800-804-6417 (Western Canada), or new2ales@ualberta.ca or www.ales.ualberta.ca/UndergraduateStudents.

Admission with Advanced Standing

Students transferring into any program must meet all program requirements. See Postsecondary Transfer Applicants for additional information regarding transfer credits.

Admission with Transfer Credit

Students should make an appointment with the Student Services Office (2-06 Agriculture-Forestry Centre) if they have questions regarding transfer credit awarded towards their degree program. Once this informal avenue has been exhausted, final authority on transfer credit rests with the Dean or designate, with no further Faculty or University appeal available.

Special Students

Special students are those who have been permitted to register in one or more courses which are not being taken for credit toward a degree program. There may be a limit on the number of special students admitted each year because the Faculty of Agricultural, Life and Environmental Sciences is under enrolment management and priority in admission is given to applicants to degree programs. Special students may not have access to all courses offered by Agricultural, Life and Environmental Sciences departments. To be considered for admission as a special student in the Faculty of Agricultural, Life and Environmental Sciences, applicants must normally have received a university degree in a related field from an accredited postsecondary institution, present a competitive admission grade point average, and meet English Language Proficiency requirements as specified in Language Proficiency Requirements. Applicants must also submit a list of planned courses and a brief statement of intent outlining why they are applying as a special student (further details available at www.ales.ualberta.ca). Special students who wish to continue must reapply each year, and priority is given to students who have not previously attended as special students. Special students should apply to the Faculty in which they will take the majority of their courses.

Visiting Students

Students from other universities or colleges are eligible to be considered for admission to the Faculty of Agricultural, Life and Environmental Sciences as a visiting student if

1. They are degree program students at their home institution;
2. Their home institution provides a letter of permission;
3. They have completed a minimum of ★24 at their home institution;
4. Their academic record shows satisfactory standing;
5. They demonstrated English language proficiency (see English Language Proficiency).

Visiting student status is granted for up to 12 months from the initial confirmed registration. To extend this period, visiting students must reapply each academic year and present a new letter of permission from their home institution. As the Faculty of Agricultural, Life and Environmental Sciences is a limited enrolment Faculty, priority in admission is given to applicants to degree programs. Visiting students should apply to the Faculty in which they will take the majority of their courses.

Aboriginal Applicants

The Faculty of Agricultural, Life and Environmental Sciences encourages Aboriginal students' study toward any of the BSc and BA programs that are offered. To assist more Aboriginal applicants in attaining a degree, the Faculty of Agricultural, Life and Environmental Sciences may offer admission to Aboriginal applicants who meet the minimum application requirements of a program but who may not meet the competitive admission requirements in place for the program.

See Admission of Aboriginal Applicants for additional information on Aboriginal applicants.

Faculty of Arts

BA

Admission to the Faculty of Arts is competitive. The number of high school and transfer admissions or readmissions to the Faculty may be limited in any given year depending on the number of applicants and their qualifications. Some majors require higher averages and/or specific courses and additional admission criteria. Presentation of the minimum requirements does not guarantee admission. Applicants will be assessed on the basis of their academic records as described below.

High School Requirements

High school applicants will be considered for admission based on their admission average on five subjects noted below. See High School Applicants for minimum grade and admission average requirements.

Subject Requirements

1. English Language Arts 30-1
2. Four subjects from Group A, B and/or C. A maximum of one Group B may be presented for admission. In order to maximize their future program and course choices, all students are encouraged to present a broad range of subjects across Group A and C.
3. Mathematics 30-2 may be used for admission to the Faculty of Arts, though some disciplines require Mathematics 30-1 as a prerequisite for required courses (see notes below). Only one of Mathematics 30-1 or 30-2 will be used for admission purposes.

See additional requirements below for specific majors and minors.

Notes

1. Admission to the major in **Planning** is competitive and Alberta residence students may be given preference. The minimum requirements are as follows:
 - iv. English Language Arts 30-1, Social Studies 30-1, Mathematics 30-1 or Mathematics 30-2, and two subjects from Group A, B and/or C.
 - v. A maximum of one Group B may be presented for admission.
 - vi. A minimum competitive average of at least 75% in the above five subjects and an AGPA of 2.3 on any transferable courses.
 - vii. A written statement outlining an interest in Planning, including any relevant volunteer or work experience. The statement must be submitted to the Department of Earth and Atmospheric Sciences by May 1.
2. For a major in **Political Science** Social Studies 30-1 is recommended.
3. For a major or minor in **Psychology** students should present one of Mathematics 30-1 or 30-2.
4. For a major in **Economics** students must present Mathematics 30-1. Presentation of Mathematics 31 is recommended. Mathematics 30-1 does not have to be included as one of the five 30-level courses for admission, but the major requires courses for which Mathematics 30-1 is a prerequisite.
5. For a major in **Mathematics** students must present both Mathematics 30-1 and Mathematics 31. For a minor in Mathematics students should

present Mathematics 30-1. Mathematics 30-1 or Mathematics 31 do not have to be included in the five 30-level courses used for admission, but the discipline requires courses for which Mathematics 30-1 and Mathematics 31 are prerequisites.

6. Students intending to transfer to the **Faculty of Business** must present Mathematics 30-1.
7. The Faculty of Arts accepts proficiency in an Aboriginal language recognized in Canada (e.g., Cree, Slavey, etc.) to meet a Group A admission requirement. Proficiency is measured either by a test, administered by the University if such can be arranged, or by boards of examiners appointed by the University. Candidates having passed the required test of an Aboriginal language have their averages calculated on the remaining four matriculation subjects.

Transfer Applicants

Please refer to BA, Postsecondary Applicants and Transfer from a Postsecondary Institutions.

Nonmatriculated Applicants

Please refer to Nonmatriculated Applicants. Note that there is no NMA admission to the BA major in Planning program.

BA Honors

General Admission Requirements

Entrance to the Honors programs ordinarily takes place at the end of the first year of university studies. Students planning to seek admission to an Honors program should consult the appropriate department Honors advisor before first-year registration. 4. **Specific Admission Requirements**
The Faculty of Arts offers BA Honors programs in the subject areas listed in Admission Chart 6.
5. **Combined Honors Programs**
For combined Honors programs, students must meet the minimum GPA requirements as specified in each area of concentration (see Admission Chart 6) and obtain the recommendation of each department concerned.
6. **Admission Requirements for Cooperative Work Option Within Honors Programs**

2. Portfolios and applications must be received by the deadlines noted in Undergraduate Application Deadlines for Admission and Readmission.
3. Enquiries regarding the detailed artistic requirements for admission to these programs should be directed initially to the Department of Art and Design, University of Alberta, Edmonton, Alberta T6G 2C9; telephone (780) 492-5712, e-mail artdes@ualberta.ca.
4. Students seeking readmission to the BFA (Art and Design) program (see Withdrawal) or readmission to the BDesign program (see Withdrawal) following a recommendation not to continue must meet the program readmission requirements.

Notes

1. Ideally, students should possess some knowledge and understanding of the liberal arts; however, applicants with other academic backgrounds (e.g., science, business, etc.) will be considered if they meet the transfer requirements outlined in II above.
2. Because enrolment is necessarily limited and because the studies in this interpretive-creative field involve highly specialized training, candidates must satisfy a selection committee that they have the ability and commitment to undertake the program. The selection committee decides based on the evidence derived from an assessment of any courses in drama that may have been taken by the candidates, the testimony of their teachers, experience in dramatic work, and an interview and audition.
3. Candidates must apply to the Department of Drama for an audition by the audition deadline in Undergraduate Application Deadlines for Admission and Readmission. - Because enrolment is limited and because the studies in this interpretive/creative field involve highly specialized training, candidates must satisfy a selection committee that they have the ability, artistic skills and commitment to undertake the program. The selection committee decides based on an assessment of the candidate's portfolio, submission of an assigned design project, testimony of three referees, and an interview (when feasible).
The selection committee encourages every applicant to come for an interview to view the facilities, meet the instructors, and gain a first-hand impression of the daily workings of the Drama Department. (Early application is encouraged.) Application to the University should be made after successfully completing the selection process and before the application deadline in Undergraduate Application Deadlines for Admission and Readmission.

 - a. Applicants to programs except BA Environmental Studies and the BA major in Planning who do not present either the high school requirements or the required matriculation average may be considered for admission if they successfully complete transferable course work, at an accredited postsecondary institution as follows:

1. ★24 or more of coursework transferable to the Faculty of Arts with a competitive average for the appropriate program. Or,
2. ★18 - ★21 of coursework transferable to the Faculty of Arts with an average of 2.7 or higher. Or,

Note: The average for admission for students who choose to take less than ★24 after being required to withdraw will be calculated on any work completed since the requirement to withdraw. Students who choose to take ★24 or more after being required to withdraw will be calculated using normal AGPA (Admission Grade Point Average) regulations (see Transfer from a Postsecondary Institutions).

Students should also consult the Business section of the Calendar (Programs of Study) for information concerning courses to be taken in the preprofessional year as part of the requirements for particular majors.

Cohort Program

The Faculty of Business admits students in two categories, cohort students and non-cohort students. The cohort group consists of students entering directly into second year who are required to take all their primary core courses (see Courses in the Faculty of Business) together in cohort groups of approximately 64. There are a number of cohort schedules from which to choose. The purpose of the cohort program is to provide students with opportunities to develop leadership, communication and teamwork skills, and to better integrate them into the Faculty of Business, both personally and academically (see General Information). Cohort applicants and non-cohort applicants will be ranked separately for admission purposes (see Selection Process). Registration in cohort sections will normally be restricted to cohort students.

Selection Process

1. The Faculty of Business is a limited enrolment Faculty. Admission is not guaranteed to all qualified applicants. Qualified applicants are ranked according to their grade point average in the most recent Fall/Winter consisting of at least ★15.
2. Qualified applicants will have completed their preprofessional year with all required preprofessional courses and a minimum of ★24 University transferable courses, with ★15 completed in one Fall/Winter. For ranking purposes, qualified applicants will be separated into two pools:

- a. Cohort Applicant Pool includes applicants with a minimum of ★24 and a maximum of ★39 University transferable coursework, with credit in no more than one of the primary core courses (see Courses in the Faculty of Business) in the Faculty of Business; and
- b. Non-cohort Applicant Pool includes applicants
 3. with more than ★39 University transferable, or
 4. credit in two or more of the primary core courses (see Courses in the Faculty of Business) in the Faculty of Business, or
 5. with a non-Business degree from an approved postsecondary institution.

Applicants will be ranked within their respective pools and offers of admission made based upon this ranking within residency categories (see Residence Requirements).

Applicants who do not possess all of the required preprofessional courses, but are otherwise admissible, may be considered for admission where space exists within one of the two applicant pools. Such applicants will be normally required to present a higher grade point average than those admitted under Selection Process (1). Offers of admission will be based upon the grade point average in the most recent Fall/Winter, consisting of a minimum of ★15. Missing prerequisite courses are required to be made up in the first year of the program following admission.

Transfer Applicants

Transfer credit may be granted depending on the nature of the program, applicability of the courses taken, and results achieved to a maximum of ★60, inclusive of the ★24 required for admission. Any courses to be considered for transfer credit to the BCom program must normally have been completed within eight years before admission to the Faculty.

Early Admission

Students who have completed or who have in progress all the necessary prerequisite courses are urged to apply to the Faculty of Business early to be eligible for early admission. Students are eligible for early admission if they meet the following minimum requirements:

1. three or more of the prerequisite courses completed;
2. remaining prerequisite courses, if any, in progress; and
3. at least one previous academic term with a minimum ★9 University transferable on which to calculate a GPA.

Students offered early admission are required to meet the conditions set forth in their offer letter, including:

1. submission of final documents by the June 15 deadline;
2. satisfaction of all admission requirements; and
3. presentation of a competitive final admission GPA.

Failure to meet the conditions of the early admission offer will result in refusal to the program and cancellation of any course registration.

Early admission cannot be considered until transcripts are received by the Undergraduate office.

Generally, see Offers of Admission on early admissions.

Bilingual Bachelor of Commerce

Applicants to the Bilingual BCom will generally complete their preprofessional requirements in the Faculté Saint-Jean. Applicants who have not completed their preprofessional requirements at Faculté Saint-Jean are normally required to complete the preprofessional requirements in French at a recognized institution. Students transferring to Faculté Saint-Jean with one or more of the preprofessional requirements from another approved postsecondary institution must satisfy the admission and transfer credit requirements of Faculté Saint-Jean prior to applying to the Faculty of Business. See Regulations of the Faculté, Règlements de la Faculté. Following the completion of the preprofessional year, students apply to the Faculty of Business in accordance with Academic Requirements and Selection Process.

For students intending to pursue the Bilingual BCom, the following courses are accepted as equivalent coursework for the purposes of Academic Requirements:

★6 in ANGL or ENGL
 ECONE 101
 ECONE 102
 MATHQ 113 or 114
 STATQ 151

Note: ALS and EAP courses are not acceptable equivalents to ANGL or ENGL.

Students with a competitive grade point average will be offered two admission alternatives.

- They may continue in the Bilingual BCom program by completing their second year at the Faculté Saint-Jean and remaining registered as a student in the Faculté Saint-Jean. They will be guaranteed admission to the Faculty of Business the following year if they follow the program of studies (see Bilingual BCom) for the Bilingual BCom and maintain a minimum grade point average of 2.0 or better. After completion of their second year at Faculté Saint-Jean, students must take the following steps to confirm their admission:
 - submit an *Application for Readmission or Internal Transfer* form by the application deadline, and
 - submit a copy of their guaranteed admission form.
Students who do not submit a copy of their guaranteed admission form will be charged an application fee. Upon receipt of these documents, students who have maintained the 2.0 grade point average for guaranteed admission, will be sent a Permission to Register letter and registration instructions.
or
- They may elect to enter the Faculty of Business immediately and pursue the regular BCom degree.

Readmission of Previous Students

Students previously enrolled in the Faculty of Business who have interrupted their studies by as much as an academic year or more must apply for readmission by completing an *Application for Admission, Readmission or Internal Transfer* form available from the Office of the Registrar.

Readmission after being required to withdraw will normally not be approved until at least one year after the withdrawal. Students applying for readmission to the Faculty of Business after being required to withdraw are not normally required to complete a minimum amount of coursework in another institution prior to application. Applicants for all such readmissions must be interviewed by the Undergraduate Admission Committee of the Faculty.

Aboriginal Applicants

See Admission of Aboriginal Applicants.

BCom Honors Program

Honors programs in Business are available in several areas (see BCom Honors Accounting, BCom Honors Finance and Honors in Management Science). Application to the Honors program is normally made immediately prior to or during Year Three of the BCom program. However, qualified students in any year are encouraged to apply. Acceptance may depend on whether the students have room in their programs to complete Honors requirements. Prospective students must be currently in the BCom program, or have been accepted for admission to the BCom program. Students must normally present a minimum GPA of 3.7. Admission decisions will be made jointly by the Undergraduate Office in Business and the Department responsible for administering the particular Honors program to which the student is applying.

Specific requirements for each program are listed below:

Honors in Accounting

- Students must complete all requirements of Year Two of the BCom program.
- Students must complete ACCTG 414.
- Students must normally present a minimum cumulative GPA of 3.5 on all coursework taken since admission to the Bachelor of Commerce program.
- Admission will be based on a combination of the student's academic record, performance in Accounting courses to date, a letter of intent and interview.

Honors in Finance

- Students must normally present a minimum GPA of 3.7.
- Students will normally have received a grade of A- or higher in ECON 101, ECON 102, MATH 113 or MATH 114 and STAT 151, or have otherwise demonstrated excellence in their academic Program.

Honors in Management Science

Faculty of Education

All Applicants to the Faculty of Education

Applicants to all routes of the Bachelor of Education should seek experience in work or service with children or youth before admission. Such experience may assist applicants in confirming their choice of education as a career.

Because there are more applicants to the Faculty of Education than there are places, enrolment management is in effect for all undergraduate degree programs. Under enrolment management, an overall target for the Faculty is set each year. The number of new students admitted to any particular program or year of a program may vary depending on the number of available places and the promotion, departure, or graduation of continuing students. While the minimum admission average is 70% for high school applicants, and a minimum GPA of 2.0 for postsecondary applicants, all admissions are competitive and the actual admission averages may be higher than the minimum.

Spoken English Requirement: Applicants must also meet a spoken English requirement. See "English Language Requirements" Language Proficiency Requirements for specific score requirements.

If, after having read all relevant information in the following sections, students have further questions about admission to the Faculty of Education, they should contact Undergraduate Student Services Office, 1-107 Education Centre North; telephone (780) 492-3659.

Bachelor of Education – Elementary and Secondary Routes

Introduction

For admission purposes, new applicants for degree programs only are placed into one of four categories:

High School Applicants: Those students applying directly from high school.

Postsecondary Transfer Applicants: Those students who have not yet completed a degree.

After Degree Applicants: Those students who have already completed a degree program.

Nonmatriculated Applicants: refer to Nonmatriculated Applicants.

High School Applicants

High school applicants will be considered for admission based on their average on five subjects noted below.

Subject Requirements

- English Language Arts 30-1
- Four subjects from Group A, B and/or C. A Maximum of one Group B may be presented for admission. In order to maximize their future program and subject choices, all students are encouraged to present a broad range of subjects across Group A and C.
- Mathematics 30-2 may be used for admission to the Faculty of Education although Mathematics 30-1 is a prerequisite for some required courses in Mathematics/Science majors and minors (see Notes below)

High school-level courses are based on the Alberta Education curriculum. Prospective students who completed high school education from outside Alberta should review the Admission Course Equivalents for acceptable high school courses in the three categories at www.admissions.ualberta.ca.

For general high school admission requirements refer to High School Applicants.

Additional Requirements

1. Please note that for some Secondary Education Major/Minor routes, students are required to present specific 30-level courses (or equivalent) in order to complete the requirements of each Major/Minor. These courses do not have to be presented for admission, but are prerequisites for university course registration. Please check <http://educprospective.ualberta.ca/admissions#admission-from-high-school> for detailed information.
2. The Faculty of Education accepts proficiency in an Aboriginal language recognized in Canada (e.g., Cree, Slavey, etc.) to meet a Group A admission requirement. Proficiency is measured either by a test, administered by the University if such can be arranged, or by boards of examiners appointed by the University. Candidates having passed the required test of an Aboriginal language have their averages calculated on the remaining four matriculation subjects.
3. Applicants who do not present the high school requirements or the required admission average may be considered for admission if they successfully complete, at an accredited postsecondary institution ★24 or more of coursework transferable to the BEd program.

Postsecondary Transfer Applicants

General Requirements:

- a. Applicants must present successful completion of at least ★24 transferable course weight applicable to the specific degree program for which they have applied. Those applicants who do not present at least ★24, are considered as high school applicants. See High School Applicants. High school applicants for admission information.
- b. Satisfactory standing in the Faculty or postsecondary institution from which they wish to transfer;
- c. An AGPA of at least 2.0. (See Transfer from a Postsecondary Institutions for information about the calculation of the AGPA.)

Notes

1. Applicants without ★24 transferable coursework may apply to the Secondary Education CTS major route provided they have the following:
 - a. Applicable and recognized journey certificate or approved two or three year diploma or certificate
 - b. English Language Arts 30-1 (or equivalent)
 - c. Subject from Group A, B, or C

Recommended Courses for the first year(s) of study: Applicants should present those postsecondary courses relevant to the specific route in which they plan to enrol.

Note: Students taking courses in another Faculty or program are expected to choose courses consistent with the program in which they are currently enrolled. For further details regarding course choices, see Components of the Program for the Elementary route and Components of the Program for the Secondary route.

Admission with Transfer Credit: A maximum of ★60 obtained at another postsecondary institution may be granted as transfer credit toward any Bachelor of Education program where applicable. The year of program to which an applicant is admitted depends on the number of transferable credits applicable to the BEd program for which they have applied.

Year 2: ★24 or more but less than ★60

Year 3: ★60

After-Degree Applicants

General Requirements

All applicants must present the following:

1. A three- or four-year degree from an accredited postsecondary institution.
2. An Admission GPA (AGPA) of at least 2.0, or equivalent, based on the most recent graded and transferable ★24. BEd/AD programs in the Elementary and Secondary Routes vary in length (see BEd and BEd (After Degree)). The length of the program will depend

on the courses that a student presents at the time of admission.

The Elementary After Degree program is normally two years in length. The Secondary After Degree program length will depend on the courses presented at the time of admission.

Nonmatriculated Applicants

Subject Requirements

1. English Language Arts 30-1 or ★6 in transferable English at the 100-level
2. Another 30-level subject from Group A, B, or C (or equivalent).
3. Presentation of Faculty minimum average on (1) and (2), and a competitive AGPA if any postsecondary-level coursework is presented.
4. Presentation of no more than ★21 of graded and transferable postsecondary-level coursework.

Any applicant who has successfully completed ★24 of graded and transferable postsecondary-level coursework or more at the postsecondary level will be considered a transfer applicant (see Transfer from a Postsecondary Institutions and High School Applicants).

Admission of Aboriginal Applicants

The Faculty of Education encourages Aboriginal students' study toward the Bachelor of Education degree. The Faculty recognizes that Aboriginal applicants (including status and non-status Indians, Inuit, and Métis) have traditionally been under-represented in the teaching field. To assist more Aboriginal students to achieve education degrees, the Admissions Committee will consider additional qualified applicants over and above the Aboriginal students who may be admitted in the regular competition for places in the Faculty. Until the Aboriginal enrolment of the Faculty reaches 10% of total enrolment, up to 5% of admissions to the Faculty will be allocated to Aboriginal applicants. Aboriginal students who wish to be considered for these places must attain the minimum admission requirements of their chosen route. Also see Admission of Aboriginal Applicants.

Readmission After an Absence of 12 Months or Longer

A candidate returning to the Faculty of Education after a break of 12 months or longer must apply and compete for readmission unless prior approval to stop out was granted, in which case only application for readmission is necessary.

Special Students

See Special Students.

To be considered for admission as a Special Student in the Faculty of Education, applicants must normally

1. Possess a Bachelor of Education degree from an accredited postsecondary institution;
2. Present a minimum AGPA of 2.0;
3. Be in satisfactory standing in their previous postsecondary institution;
4. Meet the English Language proficiency requirements as specified in Language Proficiency Requirements.

In certain circumstances, practising teachers from outside Alberta may be admitted as Special Students to meet the certification requirements specified by Alberta Education. Students in these cases must be recommended by the Teacher Certification and Development Branch of Alberta Education. Priority in admissions is given to applicants to degree programs.

Priority in course registrations is given to students who have been admitted to degree programs.

Visiting Students

Students from other postsecondary institutions are eligible to be considered for admission to the Faculty of Education as Visiting Students if

1. They are registered in an Education degree/transfer program at their home institution;
2. They have completed a minimum of ★24 at their home institution;
3. They present a minimum AGPA of 2.0;
4. Their academic record shows satisfactory standing;
5. Their home institution provides a letter of permission.

Notes

1. Normally, Visiting Students are not permitted to register for Field Experience courses. To arrange for a school placement, students must ask

their home institution to contact the Assistant Dean, Field Experiences, before they apply.

2. A Visiting Student applicant who has had two or more unsuccessful attempts in any previous Field Experience course(s), at any institution(s), will not be allowed to register in EDFX courses.

Applicants Who Have Previously Been Required to Withdraw

Applicants who have been twice required to withdraw from any postsecondary program(s) or institution(s) will **not** be considered for admission or readmission to the Faculty of Education.

Faculty of Law

Juris Doctor (JD)

General Admission Requirements

1. In measuring the potential of applicants, the Faculty Admissions Committee relies primarily on the undergraduate grade point average (GPA) and the performance on the Law School Admission Test (LSAT).

The GPA is determined by reference to the applicant's most recent ★60 of study in university credit courses, provided those units of course weight are completed by February 1 in the year in which admission is sought. The GPA and the LSAT will be used to create a Prediction Indicator to rank the Regular Applicants. In their assessment of the Prediction Indicator, the Committee may take into account exceptional circumstances that adversely affected particular grades or overall academic performance and/or LSAT score(s), but do not pose an ongoing issue in terms of the applicant's ability to succeed in law school.

In a limited number of cases, the Committee may consider a broader range of factors beyond the Prediction Indicator, including the difficulty and quality of the applicant's previous academic work, employment experience, extracurricular and community activities, physical and cultural factors, and economic disadvantage, in order to distinguish between applicants with similar or identical Prediction Indicators.

2. The Committee will not consider any year of study or course or courses which cannot be credited toward a degree, or toward a university diploma approved by the Committee.
3. Admission into the Faculty of Law is limited to a quota of 175 students. Because the number of candidates who meet the minimum requirements for admission far exceeds the quota, it should be understood that eligibility does not guarantee admission. Admission is determined on a competitive basis.
4. Law School Admission Test (LSAT)
 - a. Except for applicants under Special Student Applicants, the LSAT is compulsory for all applicants. Test scores will be used to supplement a candidate's pre-law academic record. Test centres have been established at the University of Alberta in Edmonton, at the University of Calgary and at most other Canadian university campuses. The last acceptable LSAT writing date for September admission is December of the previous year. An LSAT registration and information booklet can be obtained from the Faculty of Law, Examinations and Timetabling in the Office of the Registrar or by visiting www.LSAC.org
 - b. The Committee normally averages scores where the applicant has taken the LSAT on more than one occasion. The Committee may, however, not take into account a particular LSAT score where the applicant establishes to the satisfaction of the Committee that the score was adversely affected by exceptional circumstances. Nonetheless, candidates are cautioned not to sit the LSAT if they are ill.
 - c. LSAT scores are valid for a five year period and the test may not be written more than three times in any two year period.
5. The decision of the Committee in any matter is final, and there is no appeal from the Committee to any other body or person within the Faculty or the University.
6. The Committee will consider candidates for admission to the Faculty of Law in the following categories:
 - a. Regular Applicants
 - b. Special Applicants

The Dean or Dean's delegates will consider candidates for admission to the Faculty of Law in the following category:

National Committee on Accreditation students (NCA students) as outlined in Special Student Applicants.

It is the sole prerogative of the Committee to determine the category of the applicant. Applicants should carefully read the descriptions set out below.

Regular Applicants

- To be considered for admission to the JD program a Regular Applicant must
 - Present proof of having received, with standing satisfactory to the Committee, a degree from the University of Alberta, or a degree from a university recognized by the University of Alberta; or
 - Present proof of having completed, with standing satisfactory to the Committee, at least the first three years (90 credit hours) of a program leading to a degree at the University of Alberta, or from a university recognized by the University of Alberta.
- In special circumstances, the Committee will consider applicants who demonstrate outstanding academic ability, and who will, before or in the Fall/Winter preceding the September in which admission is sought (i.e., by April 30), have completed not less than two years, or equivalent of a full program of studies that would be accepted for credit toward any degree at a university in Alberta. Outstanding academic ability is defined as
 - A minimum grade point average of 3.7 or its equivalent over the two years of study; and
 - An LSAT score which places the applicant in the 90th percentile of those who have taken the LSAT.
- The Committee shall consider and evaluate, in its sole discretion, the content and grades of the applicant's academic performance and may reject applicants whose general performance or course of study the Committee does not consider satisfactory.

Special interpretations may be made by the Committee where individual circumstances warrant.

Grades of all applicants from universities other than the University of Alberta will be converted, insofar as possible, to the grading scale in use at the University of Alberta, for the purpose of competitive evaluation. Effective September 1, 2003, the University of Alberta will use a letter grading system with a four-point scale of numerical equivalents for calculating grade point averages.

Special Applicants

No applicant can elect to be placed in any category. Allocation to such category shall be the responsibility of the Committee.

Aboriginal Applicants

For the purpose of application and admission to the University of Alberta, and in accordance with the Constitution Act, 1982, Part II, Section 35(2), an Aboriginal Applicant is an Indian, Inuit or Métis person of Canada, or a person who is accepted by one of the Aboriginal peoples of Canada as a member of their community. Refer to Definition of Aboriginal People for the Purpose of Admission for further details regarding proof of Aboriginal ancestry.

Aboriginal Applicants normally must have a minimum of two years leading towards any degree or equivalent acceptable to a university in Alberta, completed prior to or in the Fall/Winter preceding the September in which admission is sought (i.e., by April 30th). Consideration may be given to Aboriginal Applicants with a minimum of one year leading to a degree or equivalent, if they exhibit evidence of past achievements in non-academic areas indicative of an ability to succeed in law school.

The Committee may make an offer of admission conditional on successful completion of the Program of Legal Studies for Native People at the University of Saskatchewan.

The LSAT must be written as outlined in General Admission Requirements (4).

Special Student Applicants

National Committee on Accreditation students (NCA students): NCA Students are permitted to register in one or more courses which are not being taken for credit toward a degree or diploma at this or another institution. To be considered for admission as an NCA Student, applicants must normally have received a Law degree from an accredited postsecondary institution, equivalent to a Canadian JD or LLB degree, must meet English Language proficiency requirements as specified in Language Proficiency Requirements, and must provide documentation setting out their assigned requirements as assessed by Canada's National Committee on Accreditation. Since the Faculty of Law has limited enrolment, priority in admission is given to applicants to degree programs. NCA Students who wish to continue must reapply each year, and

priority is given to students who have not previously attended as NCA Students.

The application for admission as an NCA student is available from the web at www.registraroffice.ualberta.ca. Any required documentation should be submitted directly to the Faculty of Law at: Admissions Office, Room 128E, Law Centre, University of Alberta, T6G 2H5. Applications will be received and assessed on a rolling basis.

Application Procedure

The application for admission to the JD program is available from the web at www.registraroffice.ualberta.ca. The application must be submitted on or before November 1 of the year preceding the year in which admission is sought. All additional supporting documentation must be provided to the Faculty of Law on or before February 1 of the year in which admission is sought (see Admission and Readmission Deadlines). Documentation should be submitted directly to the Faculty of Law at: Admissions Office, Room 128E, Law Centre, University of Alberta, T6G 2H5.

All applicants will be notified by letter regarding admission or nonadmission. Successful applicants must confirm their admission and intention to register by submitting a nonrefundable deposit within the time specified in the letter of acceptance. The deposit will be credited toward tuition on registration in September (see Program-specific Deposits on Confirmation of Admission).

The Admissions Office will not accept enquiries concerning the status of applications. Applicants are encouraged to check the status of their application on Bear Tracks at <https://www.beartracks.ualberta.ca>.

Application Documentation

The following documents are required to complete an application and must be postmarked by the application deadline in Undergraduate Application Deadlines for Admission and Readmission.

- Transcripts:** Two official transcripts of all postsecondary education are required. These transcripts must be complete and indicate any degree received. All transcripts must bear the seal of the issuing institution and the original signature of the issuing officer. Photocopies and transcripts without these marks of validity will not be accepted.
- Supplemental Admission Form:** A Law School Supplemental Admissions Form must be completed and returned by all applicants.
Note: to access this form in PDF format, see the Faculty of Law website www.law.ualberta.ca.
- LSAT:** The **December** test date is the last LSAT that can be written by applicants seeking admission in the following September (see Law School Admission Test). The Admissions Office will obtain LSAT scores directly from Law Services for all applicants who have active files with Law Services in Newtown, Pennsylvania.
Note: For information regarding the combined MBA/JD program, see The MBA/JD Combined Program.

Faculty of Medicine and Dentistry

Bloodborne Pathogens Policy

The University of Alberta recognizes its duty to minimize the risk of transmission of bloodborne pathogens to/by individuals studying or working at this University.

The Bloodborne Pathogens policy limits the possibility of transmission of bloodborne pathogens within the educational setting. The University recognizes, however, that it is not possible to completely eliminate the risk of infection.

Because there is a greater potential for transmission of bloodborne pathogens to/by students during clinical experiences in practice settings, students in the Faculty of Medicine and Dentistry are required to undergo testing for bloodborne pathogens.

Note: For updates on changes to medical testing and immunization refer to the Faculty Office.

BSc in Medical Laboratory Science

The current quota for Phase I students is 29.

Preprofessional Year

Those wishing to enrol in the BSc Medical Laboratory Science program must complete a preprofessional year before applying for admission to the Faculty. The required courses or their transfer equivalents are available at various postsecondary institutions in Alberta. Students should where possible take these courses (equivalent to ★30 at the University of Alberta) as one year of full-time study.

Academic Requirements

The following ★30 are required.

English ★6

General Chemistry ★6

Organic Chemistry ★6

Biology ★3 (cell biology)

★3 from Biology, Genetics, Microbiology, or Zoology

Statistics ★3

★3 options (any Faculty)

Other Requirements

- Selection Process:** A minimum GPA of 2.0 is required in preprofessional coursework. The selection process is competitive, and applicants will be ranked primarily on academic achievement in the required preprofessional courses. Other factors considered in ranking include overall academic achievement (emphasizing recent academic performance), a demonstrated ability to perform well in a consecutive Fall/Winter Term of fulltime study (preferably 30 units), a personal interview, and a letter of intent. Preference will be given to those students who have completed the required ★30 in one academic year. An applicant may not benefit from additional postsecondary courses.
- Spoken English Requirement:** Applicants must meet a spoken English requirement. (See Spoken English Requirement.)

- Letter of Intent:** Applicants must submit a letter with their application for admission stating their career goals, knowledge of the profession, related experience, and reasons for seeking admission to Medical Laboratory Science. Prospective students are encouraged to investigate the career to assist in their understanding of the program.
- Personal Interview:** Interview selection is based on postsecondary academic records and a letter of intent received by April 1 [see Medicine and Dentistry (Admission and Readmission Deadlines)]. Selected applicants will be interviewed to determine if they have the qualities necessary for the profession. The interview will evaluate qualities such as communication, teamwork, reflection, conflict resolution, empathy, responsibility, initiative, problem-solving ability, prioritization and organization. Short-listed applicants will be advised of the interview date.
- Police Information Checks:** Applicants should be aware that a clear Police Information Check is required at the time of admission and that any criminal charges pending must be declared. Under the *Protection for Persons in Care Act*, all students going to any clinical placement or rotation in Alberta are required to complete a Police Information Check (also known as a Criminal Record Check, Security Clearance Check, or Police Clearance), which must include a Vulnerable Sector Check. The clinical practice site will determine the criteria for acceptance/denial of a placement. Students are responsible for having a Police Information Check completed upon receiving admission to the Faculty. Students who have concerns related to their ability to provide a clear Police Information Check should consult with the Faculty. The ultimate responsibility for ensuring that students meet the requirements of clinical agencies lies with the students. Other background checks may be required by a clinical agency, such as a child intervention record check. Students will be advised if any additional background checks are required by the clinical agency. See Requirement for Police Information Checks for more information on the general requirements concerning Police Information Checks and the fees associated with them.
- Medical Testing and Immunization Requirements:** Please see University Bloodborne Pathogens Policy.
- Deposit:** Upon notification of acceptance, applicants will be required to confirm their admission and intention to register by submitting a nonrefundable tuition deposit within the time specified in the letter of acceptance. The deposit will be credited toward payment of tuition upon completion of registration. (See Program-specific Deposits on Confirmation of Admission).
- Technical Standard:** The Division of Medical Laboratory Science Technical Standards Policy defines the necessary knowledge, skills, professional behaviours, and attitudes required of students. Please see the Medical Laboratory Science website for further information.

Aboriginal Applicants

The Division of Medical Laboratory Science will give up to one position within the quota for the BSc MLS program to Aboriginal applicants. Students of Aboriginal ancestry within the meaning of the Constitution Act, 1982, Section 35, Part 2, or a person accepted by one of the Aboriginal peoples of Canada as a member of their community, will be considered in this category.

Candidates will be subject to normal minimum admission requirements as outlined in BSc in Medical Laboratory Science and approval by the Divisional Admissions Committee. If there are no qualified Aboriginal applicants in any given year, the position will be allocated to the general applicant pool.

Enrolment: Enrolment is limited to an annual quota of 40 students. Of the 40 positions available 85% are reserved for Alberta residents, 10% for Non-Alberta residents and 5% for International students (see Residence Requirements).

Because the number of candidates who meet the minimum requirements for admission far exceeds the quota, it should be understood that eligibility does not guarantee admission. Admission is determined on a competitive basis.

Admission Requirements

Academic Requirements: The minimum requirement for admission to the Dental Hygiene Program is completion of ★30 transferable, of which ★24 must be taken during one Fall/Winter.

The required courses or their equivalents are available at various universities and colleges, including the University of Alberta.

The preprofessional requirements are:

1. English (★6)
2. Organic Chemistry (★3)
3. General Chemistry (★3)
4. Biology (★3) (BIOL 107 or equivalent required)
5. Sociology (★3)

The interview schedule differs every year; short-listed applicants will be advised of the interview dates by letter.

Other Requirements

1. **Language Proficiency Requirements:** All applicants must meet the English Language Proficiency and Spoken English requirements (see Language Proficiency Requirements).
2. **Medical Testing and Immunization Requirements:** Prior to orientation students admitted to the Dental Hygiene program require immunization against, and/or proof of immunity to, poliomyelitis, diphtheria, tetanus, measles, mumps, rubella, and hepatitis B. As well, a varicella titre test and a tuberculin skin test are required in the first year of the program. See Medical Testing and Immunization Requirements for regulations concerning medical testing and immunization. **Note:** For updates on changes to medical testing and immunization refer to the Faculty Office.
3. **Proof of Residency Status:** Because residency status determines the competitive pool in which an applicant is ranked, applicants may be required to present proof of residency status. See Residence Requirements, residence requirements.
4. **Police Information Checks:** Applicants should be aware that a clear Police Information Check (PIC) is required as a condition of admission and that any criminal charges pending must be declared. Under the *Protection for Persons in Care Act*, all students going to any clinical placement or rotation in Alberta are required to complete a Police Information Check (also known as a Criminal Record Check, Security Clearance Check, or Police Clearance), which must include a Vulnerable Sector Check. The clinical practice site will determine the criteria for acceptance/denial of a placement. Police Information Checks are due at the time admission is confirmed. Applicants should plan to have their PIC completed prior to an offer of admission. Students who have concerns related to their ability to provide a clear Police Information Check should consult with the Department of Dentistry. The ultimate responsibility for ensuring that students meet the requirements of clinical agencies lies with the students. Other background checks may be required by a clinical agency, such as a child intervention record check. Students will be advised if any additional background checks are required by a clinical agency. See Requirement for Police Information Checks and Protection for Persons in Care for more information on the general requirements concerning Police Information Checks and the fees associated with them.

Final Selection

Applicant profiles are made up primarily of the following:

1. Overall GPA achieved on all transferable postsecondary work completed as a full-time student taken during Fall/Winter or Spring/Summer Terms. For overall GPA calculation full-time study is equivalent to a minimum of ★18 taken during Fall/Winter Terms or ★12 taken during Spring/Summer Terms.
2. Interview score.

In order to be competitive, applicants should strive for a minimum GPA of 3.0. Students with a GPA of less than 2.7 will not be considered for admission.

For applicants who have completed four or more years of transferable postsecondary work, the cumulative (overall) GPA is calculated with the deletion of the lowest Fall/Winter GPA, provided it is not the most recent Fall/Winter or the only Fall/Winter where ★24 was taken.

As admission into the program is limited to a quota of 40 students, the Admissions Committee has the responsibility of selecting those applicants who demonstrate promise to successfully complete the program. The Admissions Committee reserves the right to use its judgment with respect to individual cases.

Applicants who have extenuating circumstances may submit a letter requesting special consideration to the Admissions Committee with supporting documentation. Such applicants must have completed the preprofessional requirements. Doctor of Medicine (MD)

Application for Admission and Application for Readmission

Only electronic applications are accepted. To access the online application for the University of Alberta go to www.admissions.ualberta.ca.

The Faculty of Medicine and Dentistry offers a four-year program leading to the degree of Doctor of Medicine. Although applicants differ in terms of academic talents and interests, common factors exist relating to the admissions procedure that those contemplating application should be familiar with. Because the number of applicants greatly exceeds the number of places available, a careful selection process is carried out as described below.

Applicants should be aware of the total length of time required to obtain a medical degree and following this a licence to practise—the usual time is a minimum of two years of pre-medical (normally four years pre-medical); four years of medical studies, at which point the MD degree is awarded; and then a minimum of two years of internship before licensure in Alberta.

Quotas

A quota exists in Medicine. 85% of the positions are reserved for Alberta residents and 15% of the positions are for Non-Alberta residents.

Positions within quota may be available for qualified Aboriginal applicants (see III) and qualified applicants from Rural community (see IV).

Academic Requirements

All students considering Medicine must register in a degree program and maintain good standing in that program.

Notes

- To be considered for admission, students must normally have achieved a GPA 3.3 for Alberta residents, 3.5 for Non-Alberta residents, on a minimum of ★60. ★30 must be taken during one Fall/Winter.

Students are encouraged to obtain a baccalaureate degree before admission but may apply after two or three years in a degree program.

To be considered for entry after only two or three years at university or college, a student must have an exceptional GPA (minimum GPA of 3.7) and exceptional personal qualifications.

Please note transcript deadlines in Undergraduate Application Procedures.

- Medical College Admission Test (MCAT):** All applicants must take the MCAT. The MCAT is electronic and there are several writings throughout the year. Please refer to the MCAT website for information on test dates and locations. All information and registration is through the MCAT office at www.aamc.org/mcat. Students must release their MCAT scores through the electronic THx system through the AAMC's website by the application deadline in Undergraduate Application Procedures. If an applicant has written the MCAT more than once, MCAT scores from the most successful sitting will be considered by the Faculty. The MCAT must have been written within the last five years prior to application deadline in Undergraduate Application Procedures. The Faculty will not accept the MCAT written in the spring of the year of admission. All applicants must write the MCAT before making application to the program.
- Interview and Letters of Reference:** Qualified applicants must present themselves for a personal interview. Closed letters of reference are required. Failure to provide these by the deadline in Undergraduate Application Procedures may result in closure of the applicant's file.
- Spoken English Requirement:** Applicants must meet a spoken English requirement (see Spoken English Requirement).
- Personal Requirements:** While admission to the MD program is based mainly on academic performance, lack of essential personal qualities in an applicant may be deemed sufficient cause for refusal of admission. There is no discrimination with respect to the applicant's sex or age in the selection process.
- Selection Factors:** Selection of students for admission to the MD program follows guidelines established by the Board of Governors of the University of Alberta, General Faculties Council, and the Faculty Council of the Faculty of Medicine. Selection is the responsibility of the MD Admissions Committee.

Selection factors will consist of the following:

- Overall GPA (achieved on all transferable postsecondary work including, at least one Fall/Winter of 30 credits);
- MCAT score;
- Interview score;
- Letters of reference;
- Personal activities.

For applicants who have completed three or more years of postsecondary transferable coursework, the admissions GPA (overall GPA) is calculated with the deletion of the lowest year GPA, provided it is not the most recent year, or the one and only year where ★30 (5 full course equivalents) have been completed.

An admission decision is normally valid only for the Fall/Winter term for which it is approved.

- Police Information Checks:** Applicants should be aware that a clear Police Information Check (PIC) is required as a condition of admission and that any criminal charges pending must be declared. Under the *Protection for Persons in Care Act*, all students going to any clinical placement or rotation in Alberta are required to complete a Police Information Check (also known as a Criminal Record Check, Security Clearance Check, or Police Clearance), which must include a Vulnerable

Sector Check. The clinical practice site will determine the criteria for acceptance/denial of a placement. Students are responsible for having a criminal record check completed upon receiving conditional admission to the Faculty.

Students who have concerns related to their ability to provide a clear Police Information Check should consult with the Faculty. The ultimate responsibility for ensuring that students meet the requirements of clinical agencies lies with the students. Other background checks may be required by a clinical agency, such as a child intervention record check. Students will be advised if any additional background checks are required by a clinical agency. See Requirement for Police Information Checks for more information on the general requirements concerning Police Information Checks and the fees associated with them.

- Deposit:** Applicants are advised of the decision of the Admissions Committee in the Spring. Upon notification of admission, successful applicants, on accepting a place in the first-year class, must confirm their admission and intention to register by submitting a nonrefundable tuition deposit within the time specified in the offer of admission, payable to the University of Alberta. This deposit will be credited toward payment of tuition upon completion of registration. Should a candidate withdraw after accepting a position or not meet specified conditions within the time allowed as stated in the offer of admission, this deposit is forfeited. (See Program-specific Deposits on Confirmation of Admission).
- Students admitted to the MD program must present all required documentation to the Faculty office before orientation. Documentation includes photos and the College of Physicians and Surgeons form.

Aboriginal Applicants

The Faculty of Medicine and Dentistry may provide up to five positions within quota for the MD program to qualified Aboriginal applicants over and above Aboriginal applicants who were admitted in the regular process. Candidates will be subject to normal minimum admission requirements as outlined in Doctor of Medicine (MD) and to approval by the Faculty of Medicine and Dentistry Admissions Committee. For more information, contact the Faculty of Medicine and Dentistry Undergraduate Admissions Office.

Students who are of Aboriginal ancestry within the meaning of the Constitution Act, 1982, Section 35(2) will be considered in this category.

Aboriginal student applicants and prospective pre-medical students should contact the Coordinator, Aboriginal Health Care Careers, Faculty of Medicine and Dentistry for individual counseling and career planning. See also Admission of Aboriginal Applicants.

Rural Applicants

The Faculty of Medicine and Dentistry may provide up to ten positions within quota for the MD program to qualified Rural applicants over and above the Rural applicants who were admitted in the regular process. Candidates will be subject to normal minimum admission requirements as outlined in Doctor of Medicine (MD) and to approval by the Faculty of Medicine and Dentistry Admissions Committee.

Bachelor of Science in Radiation Therapy

Entrance Requirements

Preprofessional Year

Those wanting to enrol in the BSc Radiation Therapy program must complete a preprofessional year before applying for admission to the Faculty. The required courses or their transfer equivalents are available at various postsecondary institutions in Alberta. Preference will be given to Alberta applicants; however applicants from other provinces may also be considered. Students should, where possible, take the preprofessional requirements (equivalent to ★30 at the University of Alberta) as one year of full-time study.

Academic Requirements

A minimum of ★30 are required. The appropriate courses would include the following:

- English (★3)
- Statistics (★3)
- Physics (★6)
- Psychology and/or Sociology (★6 in any combination)

5. Mathematics (Calculus) (★3)
6. Cell Biology (★3)
7. General Chemistry (★3)
8. Organic Chemistry (★3)

Other Requirements

1. **Selection Process:** A minimum GPA of 3.2 is required in preprofessional course work. The selection process is competitive, and applicants will be ranked primarily on academic achievement in the prerequisite courses. Preference will be given to residents of Alberta. Other factors considered in ranking include overall academic achievement (emphasizing recent academic performance), a demonstrated ability to perform well in a consecutive Fall/Winter Term of full-time study (preferably 30 units), a personal interview, and a career reflection letter.
2. **Spoken Language Requirement:** Besides demonstrating overall English language proficiency, students need a further level of spoken English proficiency regardless of citizenship status or country of origin. (See Language Proficiency Requirements).
3. **Career Reflection Letter:** Applicants must submit a career reflection letter outlining evidence of personal reflection regarding their career choice, professional goals, personal skills and attributes, knowledge of the profession, related experience, and reasons for seeking admission to the Radiation Therapy program. (See Admission and Readmission Deadlines.)
4. **Personal Interview:** Interview selection is based on postsecondary academic records and a career reflection letter received by April 1 (see Admission and Readmission Deadlines). Selected applicants will be interviewed to determine if they have the personal qualities necessary for the profession. The interview evaluates an applicant's empathy, communication, teamwork, reflection, conflict resolution, responsibility, initiative, problem-solving, prioritization and organization. Short-listed applicants will be advised of the interview date.
5. **Criminal Record checks:** Applicants should be aware that under the *Alberta Protection of People in Care Act*, they will be required to satisfy a criminal record check once they are accepted into the Radiation Therapy program (Refer to Requirement for Police Information Checks.)
6. **Final Selection:** Final admission decisions are made by the Radiation Therapy Admissions Committee.
7. **Deposit:** Upon notification of acceptance, applicants will be required to confirm their intention to register by submitting a nonrefundable deposit within a specified time. The deposit will be credited toward payment of tuition upon completion of registration.
8. **Citizenship:** Applicants must be Canadian citizens or Permanent Residents of Canada on or before the deadline date for applications. A notarized copy of proof of Canadian citizenship or Permanent Resident status must be submitted with the application for admission.
9. **Technical Standard:** Students who are admitted to this program will satisfy the Technical Skills Policy and acknowledge that they have the skills and abilities noted in the Policy prior to being accepted into the Program. Students who have concerns related to their ability to satisfy these requirements should consult with the program office immediately and prior to the acceptance deadline. Students whose skills and abilities change during their studies must declare this change to the program designate immediately. The program will attempt to provide reasonable accommodation, however, the student may be required to withdraw from the program if this is not possible.

Note: Because the number of candidates who meet the minimum requirements for admission exceeds the quota, it should be understood that eligibility does not guarantee admission. Admission is determined on a competitive basis.

Aboriginal Applicants

The Department of Oncology will provide up to one position within the quota for the BSc Radiation Therapy program to Aboriginal applicants. Students of Aboriginal ancestry within the meaning of the Constitution Act, 1982, Section 35, Part 2, or a person accepted by one of the Aboriginal peoples of Canada as a member of their community, will be considered in this category.

Candidates will be subject to normal minimum admission requirements as outlined in Bachelor of Science in Radiation Therapy and approval by the Radiation Therapy Admissions Committee. If there are no qualified Aboriginal applicants in any given year, the position will be allocated to the general applicant pool.

Aboriginal applicants should contact the Department of Oncology in the Faculty of Medicine and Dentistry for career planning.

MD/PhD Program

Highly qualified students motivated toward a career in medical research may wish to consider the MD/PhD program. This program is described in the Medicine and Dentistry as well as the Graduate Programs sections.

MD/MBA Program

The Faculty of Medicine and Dentistry and the Faculty of Business offer a program of combined study that permits highly qualified students to earn both the MD and MBA degrees in five years.

Each student must apply separately to the Faculty of Medicine and Dentistry (for admission into the MD program) and at any time in the first two years of the MD program, may apply to the Faculty of Graduate Studies and Research (for admission into the MBA program).

Faculty of Native Studies

BA in Native Studies

High School Applicants

Subject Requirements

High school applicants will be considered for admission based on their matriculation average on five subjects noted below. See High School Applicants for minimum grade and admission average requirements.

English Language Arts 30-1

Four subjects from Group A, B and/or C. A maximum of one Group B may be presented for admission. In order to maximize their future program and course choices, all students are encouraged to present a broad range of subjects across Group A and C.

Mathematics 30-2 may be used for admission, though Mathematics 30-1 is a prerequisite for required courses in some minors (see Notes below). Only one of Mathematics 30-1 or 30-2 will be used for admission purposes.

Notes

1. Students who wish to present a native language to fulfill a Group A admission requirement should contact the Faculty before applying for admission for further information. Proficiency is measured either by a test, administered by the University if such can be arranged, or by boards of examiners appointed by the University. Candidates having passed the required test of an Aboriginal language have their averages calculated on the remaining four matriculation subjects.
2. **Advanced Placement:** Applicants who do not hold credit in prerequisite courses, but who feel they have sufficient knowledge, may be permitted registration in an upper level course. A placement test may be administered. These tests are normally conducted for language courses (e.g., Cree). See also Advanced Placement.
3. For a minor in **Political Science** students should present Social Studies 30 or 30-1.
4. For a minor in **Psychology** students should present Mathematics 30-1.
5. For a minor in **Economics** students should present Mathematics 30-1. Mathematics 31 is recommended. Mathematics 30-1 does not have to be included as one of the five 30-level courses for admission, but the minor requires courses for which Mathematics 30-1 is a prerequisite.
6. For a minor in **Mathematics** students should present Mathematics 30-1. Mathematics 31 is recommended. Mathematics 30-1 and Mathematics 31 do not have to be included in the five 30-level courses used for admission, but the discipline requires courses for which Mathematics 30-1 and Mathematics 31 are prerequisites.
7. Students intending to declare a **Business** minor should present Mathematics 30-1. Mathematics 30-1 does not have to be included as one of the five 30-level courses for admission, but some of the courses required

for admission to the Faculty of Business require Mathematics 30-1 as a prerequisite.

- For a minor in **Environmental and Conservation Sciences** students should present Mathematics 30-1 and Biology 30. Mathematics 30-1 and Biology 30 do not need to be included as subjects for admission, but the minor requires courses for which Mathematics 30-1 and Biology 30 are prerequisites.

Transfer Applicants

Transfer from Other Faculties: Students in good standing in their past year's work in another Faculty at the University of Alberta may transfer to the Faculty of Native Studies by submitting an Application for Readmission/Internal Transfer to the Registrar's Office. Refer to Admission and Readmission Deadlines for Faculty deadlines. Transfer credit for coursework already taken that is applicable to the Native Studies program will be given. Transferring students must clear any matriculation deficiencies specific to the Faculty of Native Studies. This may be done by taking a suitable course or courses at the 100-level. Students must register in these courses in the first year in the Faculty. The Dean (or designate) will decide whether courses will be accepted for degree credit, depending on the nature of the deficiency. Students with unsatisfactory standing in their past year's work in another Faculty will not normally be considered for admission without completing ★24 of transferable credit at another postsecondary institution and achieving a minimum GPA of 2.0.

For regulations regarding Transfer of Credit, refer to Transfer of Credit.

Nonmatriculated Applicants

Subject Requirements

Other factors considered in ranking include overall academic achievement (emphasizing recent academic performance), a demonstrated ability to perform well in a consecutive Fall/Winter session of full-time study (preferably ★30), a letter of intent, and a personal interview (see Other Requirements). The letter of intent provides an opportunity for the applicant to convey career goals, knowledge of the profession, employment or volunteer experience, and other personal attributes that might be relevant for consideration by the Admissions Committee. Further details regarding the letter of intent, the interview, and U of A courses that can be used to meet minimum requirements are available on the Faculty of Pharmacy website at pharm.ualberta.ca/programs/undergraduate-bsc-in-pharmacy/prospective-student.

Aboriginal Applicants

The Faculty of Pharmacy and Pharmaceutical Sciences may provide one position to an Aboriginal applicant, over the regular quota of 130 students. Students who are of Aboriginal ancestry within the meaning of the Constitution Act, 1982, Section 35(2) will be considered in this category (Admission of Aboriginal Applicants). Proof of Aboriginal status, to be provided as part of the application for admission, is required for consideration of this position (Proof of Aboriginal Ancestry).

Candidates will be subject to admission as outlined in BSc in Pharmacy, and to approval by the Faculty of Pharmacy and Pharmaceutical Sciences Admissions Committee. If there are no qualified Aboriginal students in any given year, this position will not be allocated to other applicants.

Aboriginal student applicants should contact the Coordinator, Native Health Care Careers, for individual counselling and career planning. See also Admission of Aboriginal Applicants.

Aboriginal Applicants

The Faculty of Physical Education and Recreation encourages Aboriginal students' study toward the BKin, the Combined BKin/BEEd, and the BA (Recreation, Sport and Tourism) degree programs. The Faculty of Physical Education and Recreation recognizes that Aboriginal applicants (including status and non-status Indians, Inuit, and Métis) have traditionally been underrepresented in these fields. To assist more Aboriginal students to attain these degrees, the Admissions Committee considers additional qualified applicants over and above the Aboriginal students who may be admitted in the regular competition for places in the Faculty. Until the Aboriginal enrolment of the Faculty of Physical Education and Recreation reaches 10% of the total enrolment, up to 5% of admissions to the Faculty will be allocated to Aboriginal applicants. Aboriginal students who wish to be considered for these places must attain the minimum admission requirements for these programs.

Exceptional Student Athlete Applicants

A limited number of spaces are available to students who have demonstrated excellent athletic talent and ability and have applied significant time in the pursuit of sport and athletic excellence. Students wishing to be considered for admission under this category would complete the following procedures:

1. **Eligibility:** All student-athletes (high school or transfer) who
 - a. Meet the minimum 70% or AGPA of 2.0 and subject requirements for application; and
 - b. Display a level of sport performance that
 10. Can be documented objectively by an independent external source (i.e., league commissioner, national team coaching staff) and possess athletic prowess that would be acceptable to any CIS participating institution.
 11. Requires a minimum annual average of 15 training/competition hours per week in the year immediately before the application.
2. **Application Procedure:**
 - a. In addition to submitting the application for admission form to the Office of the Registrar, all exceptional student athlete applicants must file additional documentation with the Exceptional Student Athlete Admissions Committee of the Faculty of Physical Education and Recreation. These materials shall include objective documentation by an independent external source of exceptional athletic prowess; documentation of participation in a minimum annual average of 15 competition training hours per week; and external references documenting potential of the applicant to the field of Physical Education and Recreation. This documentation is then screened by the Exceptional Student Athlete Admissions Committee to insure the above eligibility criteria. Applications from non-CIS sports are considered equally with student athletes from current University of Alberta program offerings.
 - b. All relevant material must be submitted by May 1. Decisions of the Exceptional Student Athlete Admissions Committee will then be conveyed to the applicant and to the Faculty Admissions Committee. Following its meeting in late June, the Faculty Admissions Committee will formally notify applicants of the decisions made in their case.
 - c. All exceptional student athlete applicants who wish to commence their respective programs in January must be approved during the previous year's application and selection process.

Special Students

Special students are students who have been permitted to register in one or more courses not being taken for credit toward a degree program. Special students should apply to the Faculty in which they will take the majority of their courses. There may be a limit on the number of special students admitted each year because the Faculty of Physical Education and Recreation is under enrolment management and priority in admission is given to applications in

degree programs. To be considered for admission as a special student in the Faculty of Physical Education and Recreation, applicants must normally have received a university degree in kinesiology, recreation or a related field from an accredited postsecondary institution, present a competitive admission grade point average, and meet English Language proficiency requirements as specified in Language Proficiency Requirements. Applicants must also submit a list of planned courses and a brief statement of intent outlining why they are applying as a special student. Special students may not have access to all courses offered by the Faculty. Special students who wish to continue must reapply each year, and priority is given to applicants who have not previously attended as a special student.

Visiting Students

Students from other universities or colleges are eligible to be considered for admission to the Faculty of Physical Education and Recreation as visiting students if

1. They are degree program students at their home institution;
2. Their home institution provides a letter of permission;
3. Their academic record shows satisfactory standing.

Visiting student status will normally be granted for one Fall/Winter or Spring/Summer period only. Because the Faculty of Physical Education and Recreation is a limited enrolment Faculty, priority in admission is given to applicants to degree programs.

Faculté Saint-Jean

Admission requirements for Faculté Saint-Jean appear in Regulations of the Faculté, Règlements de la Faculté.

Faculty of Science

Admission to the Faculty of Science is competitive. The number of high school and transfer admissions or readmissions to the Faculty is limited. Presentation of the minimum admission requirements and average does not guarantee admission. (See Undergraduate Admission, Admission Decision Process.) Applicants will be assessed on the basis of their academic records as described below.

Grade 12 courses listed below are based on the Alberta Education curriculum.

Required Grade 12 Admission Subjects

4. English Language Arts 30-1.
5. Mathematics 30-1.
6. Two of Biology 30; Chemistry 30; Mathematics 31; Physics 30; Computing Science (CSE) Advanced Level-Career and Technology Studies (CTS).
7. Subject from Group A, B, or C

Note: Only 5-credit courses will be used for admission purposes.

Applicants to the BSc (Specialization in Science and Education) and BEEd (Secondary) Combined Degree must present Biology 30 and Chemistry 30.

Note: Applicants should be aware that their chosen program may contain courses for which there are specific Grade 12 prerequisites that must be met in addition to the subjects used for admission. Please see uofa.ualberta.ca/science/programs/undergraduate/admission-to-science/high-school-admission/course-pre-requisites for more information.

BSc General Admission Requirements

High School Applicants

High school applicants will be considered for admission based on their average on the required five admission subjects outlined above. See High School Applicants for minimum grade and admission average requirements.

Nonmatriculated Applicants

Nonmatriculated applicants are considered for admission based on their average on the three admission subjects noted below.

Required Admission Subjects

1. Mathematics 30-1.
2. Two of Biology 30; Chemistry 30; Mathematics 31; Physics 30; Computing Science (CSE) Advanced Level-Career and Technology Studies (CTS).
3. Presentation of Faculty competitive average on (1) and (2).
4. Presentation of no more than ★6 of postsecondary level course work. Any applicant who has completed more than ★6 of postsecondary level course work will be considered a transfer applicant.
5. Presentation of minimum competitive AGPA on any postsecondary level course work presented.

Note: Only 5-credit courses will be used for admission purposes.

Other Requirements

1. A minimum passing grade in each admission subject is required.
2. See also general nonmatriculated requirements Nonmatriculated Applicants.

Note: Nonmatriculated applicants are only eligible for consideration to the BSc General program. Successful applicants may apply to transfer to other programs after completion of at least one Fall/Winter in the BSc General program.

Postsecondary Transfer Applicants

A transfer applicant is any applicant who has ever registered at any postsecondary institution.

See Postsecondary Transfer Students for information pertaining to the admission and readmission of postsecondary transfer applicants.

After Degree Applicants

After Degree applicants must declare a major and minor on application to the program (see After Degrees).

BSc General—Minor in Business

Admission of BSc General program students to the minor in Business is competitive. As described below, admission to the minor is normally by application at the end of Year 1.

Admission Requirements

1. Present an AGPA of at least 2.3 [the AGPA is calculated as defined in Admission Grade Point Average (AGPA) Calculation and
2. Present an average of at least 2.3 on the following courses which must have been successfully completed:
 - a. ★6 junior ENGL or ★3 junior ENGL and ★3 junior WRS
 - b. ECON 101, and ECON 102
 - c. One of MATH 113, MATH 114 or MATH 117
 - d. ★3 additional in Mathematical Sciences (Mathematics, Computing Science, or Statistics)
 - e. ★6 chosen from Biological Sciences, Chemistry, Earth Sciences, Physics or Science Psychology.

In ranking applicants for admission to the quota, 40% weight is given to the applicant's AGPA and 60% weight to the applicant's average on the required courses listed above. If an applicant has repeated a course, the first passing grade is used to calculate the applicant's ranking. Admission to the minor in Business is normally at the end of Year 1, and preference is given to students who apply at that point in their program. With the exception of ECON 101, applicants who do not have all the required prerequisites noted, but who have a competitive GPA are encouraged to apply. If admitted, such students will make up any course deficiencies during the first Fall/Winter in the Business Minor program.

BSc Honors and BSc Specialization Admission Requirements

Consideration for the first year of an Honors program requires a minimum application average of 80%, or 75% for Specialization, on the required five admission subjects outlined in Required Grade 12 Admission Subjects above.

Students need not apply to Honors or Specialization in the first year and may instead apply to the BSc (General) program and take ★18-★30 (in each Fall/Winter) with an appropriate selection of courses. Students may then apply in any subsequent year for transfer into an Honors or Specialization program by submitting an Application for Readmission and Internal Transfer to the Office of the Registrar by the application deadline. Admission beyond first year requires the minimum competitive GPA and course load in each of the preceding Fall/Winters (refer to Admission Chart 7 for specific details for each program).

BSc/BEd—BSc (Specialization in Science and Education) and BEd (Secondary) Combined Degree

High School Applicants

High school applicants will be considered for admission based on the average on the required five admission subjects outlined in Required Grade 12 Admission Subjects.

Spoken English Requirement:

Applicants must also meet a Spoken English requirement (see Spoken English Requirement).

All qualified Year 2 BSc students in this program will be promoted to Year 3 in the Faculty of Education provided that

1. A minimum Fall/Winter GPA of 2.3 is presented,
2. A 2.3 GPA in the declared Major is achieved and
3. A minimum of ★51 applicable to the BSc (Specialization in Science and Education)/BEd (Secondary) program has been successfully completed [see BSc (Specialization in Science and Education)/BEd (Secondary) Combined Degrees Program].

Postsecondary Transfer Applicants

Transfer into the BSc (Specialization in Science and Education)/BEd (Secondary) program: A student in an undergraduate program may transfer into the combined degrees program after the first year if all course and academic standing requirements of the BSc (Specialization in Science and Education)/BEd (Secondary) program and all admission requirements have been met at the time of transfer. Transfer will normally not be possible after the completion of two years (★60). Such applicants should apply for admission to either the BEd or BSc program and on completion apply to an After Degree program in Science or Education.

A student transferring into the combined degrees program with transfer credit normally will be required to complete at least ★90 (normally the last ★90) while registered in the combined program.

Postsecondary Transfer Students

1. All postsecondary transfer applicants must meet the admission subject requirements as outlined in Required Grade 12 Admission Subjects to be eligible for consideration. They must be in satisfactory standing by the standards of the Faculty of Science (see Academic Standing) and present a competitive Admission Grade Point Average (AGPA). Applicants who have been required to withdraw from the Faculty of Science at the University of Alberta and have discontinued studies as outlined in Academic Standing are also eligible for consideration.

In determining the AGPA of any applicant, all attempted courses are deemed 'transferable' if they are transferable to the University of Alberta. If an applicant has repeated a course in which they previously obtained a passing grade at any institution, the repeated instance is not considered transferable and its grade will not be used in determining the AGPA.

Transfer credit will be given for university transferable coursework with a minimum grade of C- as applicable to the applicant's degree program in the Faculty of Science.

- a. **Applicants who have never been required to withdraw** (or equivalent by the standards of the Faculty of Science) in their postsecondary education and who have successfully completed ★24 or more transferable to the University of Alberta may be considered for admission or readmission on the basis of their AGPA and any other admission requirements applicable to the program that they are seeking.
 - b. **Applicants who have never been required to withdraw** (or equivalent by the standards of the Faculty of Science) in their postsecondary education and who have successfully completed between ★9 and ★23.9 transferable to the University of Alberta may be considered for admission on the basis of both their high school average on the five required courses and their postsecondary AGPA. In order to be considered, both the high school average and the postsecondary AGPA must meet the competitive averages required for the program. Applicants with less than ★9 of transferable postsecondary work may be considered for admission using only their high school average on the five required courses.
 - c. **Applicants with one previous requirement to withdraw** (or equivalent by the standards of the Faculty of Science) in their postsecondary education and who have chosen to requalify for admission by taking further postsecondary work may be considered for admission or readmission as follows: Subsequent to having been required to withdraw, such applicants must present ★18 transferable to the University of Alberta with a minimum AGPA of at least 2.7 or ★24 transferable to the University of Alberta with a competitive AGPA.
 - d. **Applicants with one previous requirement to withdraw from the Faculty of Science who have discontinued studies for at least one year** may be considered for Fall readmission to the BSc General program on probation, subject to terms specified by the Associate Dean, Undergraduate. For students who have chosen to discontinue studies, if any coursework was attempted at any institution during this period, the grades may be taken into consideration for readmission purposes, but transfer credit will not be granted.
 - e. **Applicants who have failed Probation in the Faculty of Science or have been twice required to withdraw** (or equivalent by the standards of the Faculty of Science) in their postsecondary education may seek consideration for readmission after a minimum five year period by submitting a written petition for readmission to the Associate Dean, Undergraduate. A formal application for readmission to the University of Alberta must be made by the appropriate deadline. If admission is offered, it will be on probation, subject to conditions specified by the Associate Dean, Undergraduate. Applicants who have been required to withdraw three times (or the equivalent by the standards of the Faculty of Science) are ineligible for readmission to the Faculty of Science. Applicants who have been expelled from any postsecondary institution are ineligible for admission to the Faculty of Science.
2. **Credit by special assessment:** A student who has completed systematic studies equivalent to a 100- or 200-level course that would be eligible for credit in the Faculty of Science may apply for credit by special assessment. Certain IB and AP courses or completion of online courses, for instance, may qualify a student for consideration for credit by special assessment. The application process is initiated through the department offering the course. The department may require the student to write a regular final examination covering the material of the course being assessed. With the exception of students who are eligible for consideration as a result of having completed IB and AP courses [see Applicants from International Baccalaureate (IB) and Applicants from Advanced Placement Curriculum (AP)], credit by special assessment is normally not available in laboratory courses. A fee for credit by special assessment will be levied by the Office of the Registrar except in the case of IB and AP courses. Credit by Special Assessment is not offered in courses in which a student has previously received a failing grade. See Credit by Special Assessment for further information.

Visiting Students

Students from other universities or colleges are eligible to be considered for admission to the Faculty of Science as visiting students if

1. They are degree program students at their home institution;
2. Their home institution provides a letter of permission;
3. They have completed a minimum of ★24 at the home institution;
4. Their academic record shows satisfactory standing.

Priority for visiting student status is given to students who are applying under the auspices of a formal exchange program. Visiting student status is granted for one academic year. Visiting students must reapply each year and present a new letter of permission from their home institution. As all admissions to the Faculty of Science are subject to enrollment management, visiting student admissions may be restricted.

Special Students

Special students are those who have been permitted to register over a one year period in one or more courses which are not being taken for credit toward a degree program. To be considered for admission as a special student, applicants must normally have received a university degree in science from an accredited postsecondary institution, must present a competitive AGPA, must meet English language proficiency requirements specified in Language Proficiency Requirements and must provide a written letter of intent to the Faculty of Science Student Services Office by the application deadline. Priority in admission is given to applicants to degree programs and to applicants who have not previously attended as special students. There may be a limit on the number of special students admitted each year because the Faculty of Science is under enrolment management. Special students may not have access to all courses offered by Science departments.

Aboriginal Applicants

Please refer to Admission of Aboriginal Applicants for regulations and requirements.
