

New Research!

The Supported Parenting Project

**Are you now, or are you soon-to-be a parent?
Do you have any difficulty with learning or remembering?**

All parents need support. We are investigating the support needs of moms and dads who have difficulties with learning or remembering, and we need your help

If you take part in this project you will be interviewed by a researcher. A researcher will meet with you at your home, or somewhere else if you prefer. The researcher will ask you some questions about your family and community, and the kind of help you might like with parenting.

- Upon completion of this project participants will receive a summary of what we learn, and a \$30 gift card to thank them for their time.
- If you have any questions, or would like to participate in this project, please contact Dr Amber Savage at (780) 492-8568 or by email: fdsa@ualberta.ca
