

Canada Research Chair (Tier 2)

MED Office of Research

Competition No. - **A104449443**

Closing Date - **Mar 01, 2023**

This posting is open to current employees at the University of Alberta only. Please indicate your internal status using the "Advertisement" drop down menu when applying.

The Faculty of Medicine & Dentistry (FoMD) invites applications from current FoMD faculty members for a Tier 2 Canada Research Chair (CRC). In order to meet CRC and institutional equity targets, this position is open to female faculty members only. Applicants must currently hold (as of February 1, 2023) a tenured or tenure-track position at the assistant professor or associate professor rank.

This Tier 2 CRC is open to researchers working in any area of health research. Applications are particularly encouraged from faculty members working in areas aligned with one or more research centres and institutes [that are based in FoMD](#). This will help to ensure alignment with FoMD research priorities. Applications are also strongly encouraged from clinician-scientists and/or faculty members working in applied health and patient-oriented research (i.e. CIHR pillars 2-4: clinical, health systems services, and population health research). This is in recognition of the need to increase FoMD's research capacity in these areas.

Duties and Expectations:

The CRC will be an exceptional emerging health researcher who is, or has the potential to be, a national/international expert in their field. The successful candidate will be expected to lead an innovative and productive research program that is supported by peer reviewed funding from the Canadian Institutes of Health Research or other such prominent organizations (or has the potential for such support in the near future).

The successful candidate will hold a PhD, MD, MD/MSc, MD/PhD or equivalent in health research.

CRC Requirements:

Tier 2 CRCs are intended for exceptional emerging researchers (i.e., candidates must have been an active researcher in their field for fewer than 10 years at the time of nomination). Applicants who are more than 10 years from having earned their highest degree (and where career breaks exist, such as maternity, parental or extended sick leave, clinical training, etc.) may have their eligibility for a Tier 2 Chair assessed through the program's Tier 2 justification process. Please consult the University of Alberta CRC Coordinator, Glen Thomas (crcadmin@ualberta.ca) for more information. Full program information, including details on eligibility criteria and acceptable leaves, can be found on the Canada Research Chairs website: <http://www.chairs-chaire.gc.ca/home-accueil-eng.aspx>.

The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process.

The successful applicant will be nominated for a Tier 2 Canada Research Chair. Nominations are reviewed by the CRC Secretariat, and appointment as a Canada Research Chair is conditional upon their approval.

To Apply:

1. All applicants to this job posting are required to self-identify. Applicants will receive a questionnaire link from equity@ualberta.ca within 2-3 weeks of submitting their job applications. The survey will be sent to the email address that is listed on the application. Please be sure to check your spam box for receipt of this email. Please do not forward the link as it is unique to the email address. For any questions or concerns, please contact equity@ualberta.ca.

NB: The University of Alberta must collect self-identification data from all applicants as part of its participation in the CRC Program. This data is used to ensure that the institution is progressing towards meeting its EDI targets as set by Ottawa.

2. Submit a current and comprehensive CV and a two-page description of your recent, current and anticipated research activities for the next five years by clicking the "Apply Online" button below by March 1, 2023.

3. Questions about this competition, should be sent electronically to vdradmin@ualberta.ca.

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment meetings can contact canderson@ualberta.ca to arrange appropriate accommodations.

Posting date: January 30th, 2023.

How to Apply

Apply Online

Note: Online applications are accepted until midnight MST of the closing date.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

The University of Alberta is committed to an equitable, diverse, and inclusive workforce. We welcome applications from all qualified persons. We encourage women; First Nations, Métis and Inuit persons; members of visible minority groups; persons with disabilities; persons of any sexual orientation or gender identity and expression; and all those who may contribute to the further diversification of ideas and the University to apply.

Canada Research Chair (CRC) Tier 2 in Indigenous Research Methods, Knowledge Systems and Community Engagement

ART Dean Of Arts

Competition No. - **A100150898**

Closing Date - **May 23, 2023**

This opportunity is open only to continuing faculty (tenured or tenure-track) of the Faculty of Arts of the University of Alberta.

The University of Alberta is committed to the principles of equity, diversity, and inclusion and strives to remove barriers that have been historically encountered by some people in Canadian society. The University of Alberta is committed to an equitable, diverse, and inclusive workforce. The CRC Program has identified four designated groups (FDGs): women and gender minorities; Indigenous Peoples; members of racialized minorities; and persons with disabilities. [To meet CRC EDI targets \(https://www.chairs-chaires.gc.ca/program-programme/equity-equite/index-eng.aspx \)](https://www.chairs-chaires.gc.ca/program-programme/equity-equite/index-eng.aspx), the University of Alberta welcomes applications from all qualified persons who self-identify as a member of both of the following groups: 1) Indigenous Peoples; 2) women and gender minorities. Additional information about the specific actions set out by the University of Alberta for the CRC program can be found in the [University of Alberta CRC EDI Action Plan \(https://www.ualberta.ca/research/services/funding-awards/canada-research-chairs.html \)](https://www.ualberta.ca/research/services/funding-awards/canada-research-chairs.html).

The Faculty of Arts is seeking candidates internal to the Faculty to fulfill one CRC Tier 2 position in a Fine Arts, Humanities or Social Sciences area dealing with Indigenous research methods, knowledge systems and community engagement, with expertise in one or several topics related to colonialism; decolonization; reconciliation; gender; sexuality; identity; societal structure; governance; justice; or language.

The successful nominee will hold a terminal degree (e.g. PhD, MFA) in an area of Fine Arts, Humanities or Social Sciences. They will demonstrate an excellent record of research/creative dissemination that is aligned with the [University of Alberta's Strategic Plan \(https://www.ualberta.ca/research-innovation/media-library/misc/ualberta-srp-2019-191129.pdf \)](https://www.ualberta.ca/research-innovation/media-library/misc/ualberta-srp-2019-191129.pdf). Candidates should provide evidence of strong teaching skills; demonstrate potential for a strong record of service at the departmental, institutional, national, and/or international levels; and, ideally, have a record in participating or leading large-scale, potentially interdisciplinary, research initiatives.

Tier 2 Canada Research Chairs are intended for exceptional emerging scholars (i.e. candidates must have been an active researcher in their field for fewer than 10 years at the time of nomination), and candidates should be acknowledged by their peers as having the potential to lead in their fields. Applicants who are more than 10 years from having earned their highest degree (and where career breaks exist, such as maternity, parental or extended sick leave, etc.) may have their eligibility for a Tier 2 Chair assessed through the program's [Tier 2 justification process \(](#)

http://www.chairs-chaires.gc.ca/program-programme/nomination-mise_en_candidature-eng.aspx#s3). Please consult the University of Alberta CRC Coordinator, Glen Thomas (crcadmin@ualberta.ca (<mailto:crcadmin@ualberta.ca>)) for more information. Full program information, including details on eligibility criteria, can be found on the Canada Research Chairs website: <http://www.chairs-chaires.gc.ca/home-accueil-eng.aspx> (<http://www.chairs-chaires.gc.ca/home-accueil-eng.aspx>).

A successful CRC nominee will be an excellent emerging world-class researcher who: has demonstrated particular research creativity; demonstrates the potential to achieve international recognition in their field in the next five to ten years; demonstrates the potential to attract, develop and retain excellent trainees, students and future researchers; and be proposing an original, innovative research program of high quality.

For each Tier 2 Chair, the institution receives \$100,000 annually for five years, with an additional \$20,000 annual research stipend for first-term Tier 2 Chairs. Tier 2 Chairs are tenable for five years and renewable once.

The University of Alberta recognizes the legitimate impact that life circumstances such as disability, leaves (e.g., parental leave, leave due to illness), and other family and community responsibilities can have on a candidate's record of research achievement. These life circumstances will be taken into careful consideration during the assessment process.

The successful applicant will be nominated for a Tier 2 Canada Research Chair. Nominations are subject to review by the CRC Secretariat, and appointment as a Canada Research Chair is conditional upon their approval.

To apply:

1. All applicants to this job posting are required to self-identify. Applicants will receive a questionnaire link from equity@ualberta.ca (<mailto:equity@ualberta.ca>) within 2-3 weeks of submitting their job applications. The survey will be sent to the email address that is listed on the application. Please be sure to check the spam box. Please do not forward the link as it is unique to the email address. For any questions or concerns, please contact equity@ualberta.ca (<file://sts.ad.ualberta.ca/uofa/departments/VPFA/RMS/Shared%20Drive/Strategic/Surveys/EDI%20Surveys/All%20D>)).

NB: The University of Alberta must collect self-identification data from all applicants as part of its participation in the CRC Program. This data is used to ensure that the institution is progressing towards meeting its EDI targets as set by Ottawa.

By clicking the "Apply Online" button below by **May 23, 2023** submit a **current CV**, along with 1) a **one-page summary** of research/creative accomplishments, including a description of how your work aligns with the University of Alberta's Strategic Research Plan. 2) a **two-page outline** of your plans for your Tier 2 CRC research program during the anticipated tenure of the chair. **These documents should adopt 12-point font in Times New Roman and 1.5 line spacing.**

If you have any questions about the CRC Program, please contact Glen Thomas, CRC Coordinator and Advisor, crcadmin@ualberta.ca (<mailto:crcadmin@ualberta.ca>).

If you have any questions about this competition, please contact Marie Carrière, Associate Dean, Faculty of Arts, carriere@ualberta.ca (<mailto:carriere@ualberta.ca>).

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment meetings can contact jtruong6@ualberta.ca to arrange appropriate accommodations.

How to Apply

Apply Online (

<http://www.careers.ualberta.ca/Competition/A100150898/Apply/>

)

Note: Online applications are accepted until midnight Mountain Standard Time of the closing date.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. If suitable Canadian citizens or permanent residents cannot be found, other individuals will be considered. The University of Alberta is committed to an equitable, diverse, and inclusive workforce. We welcome applications from all qualified persons. We encourage women; First Nations, Métis and Inuit persons; members of visible minority groups; persons with disabilities; persons of any sexual orientation or gender identity and expression; and all those who may contribute to the further diversification of ideas and the University to apply.

Tier I Canada Research Chair in Integrative Nutrition, Energy Metabolism, and Body Composition in Health and Disease

ALES AFNS General

Competition No. - **A100150935**
Closing Date - **May 26, 2023**

This competition is restricted to current members of the Faculty of Agricultural, Life and Environmental Sciences (ALES).

The University of Alberta is committed to the principles of equity, diversity, and inclusion (EDI) and together we strive to remove barriers that have been historically encountered by some people in Canadian society. The University of Alberta is committed to an equitable, diverse, and inclusive workforce. We welcome applications from all qualified persons. We encourage women; First Nations, Métis, and Inuit persons; members of racialized minority groups; persons with disabilities; persons of any sexual orientation or gender identity and expression; and all those who may contribute to the further diversification of ideas at the University to apply. To meet our EDI targets, [as established by the CRC program](#), this chair is designated for a candidate who self-identifies as: (a) women and gender minorities, (b) persons with disability, or (c) racialized minorities. Additional information about the specific actions set out by the University of Alberta for the CRC program can be found in the [University of Alberta CRC EDI Action Plan](#).

The Department of Agricultural, Food and Nutritional Science (AFNS) at the University of Alberta invites applications from members of the Faculty of ALES for nomination to a Tier I Canada Research Chair in Integrative Nutrition, Energy Metabolism, and Body Composition in Health and Disease.

Candidates should hold the rank of Full Professor or possess the necessary qualifications to be appointed to this level. The successful candidate will be responsible for establishing a comprehensive, world leading, translational program in Nutritional Assessment and the use of Food and Nutrition Interventions for Chronic Disease Prevention and Treatment. As an ambassador for research excellence, the successful candidate will foster robust collaborations within the University, as well as on national and international levels. They will also take on a leadership role in understanding and promoting nutritional health in chronic diseases such as longevity, obesity, cardiovascular disease, and cancer, aligning with the University of Alberta's areas of excellence, including (but not limited to) the Women & Children's Health Research Institute (WCHRI), the Cardiovascular Research Institute (CVRI), the Alberta Diabetes Institute (ADI), and the Cancer Research Institute of Northern Alberta (CRINA). As one of the Faculty's strategic research areas the successful candidate's research is expected to align with provincial and national goals to strengthen health care and grow the economy.

The chairholder will further enhance the international reputation of the Human Nutrition Research Unit (HNRU) as Canada's leading body composition and energy metabolism research and training facility located within the Department of AFNS. Continued commitment to working with underserved communities, such as immigrant and Indigenous populations, is highly valued. Innovative approaches, including e-health and artificial intelligence, are welcome within the Chairholder's program. The successful candidate will be expected to support and implement the University's strategic goals including "research excellence and presence on the world stage." (<https://www.ualberta.ca/the-quad/2023/02/from-the-presidents-desk-update-on-building-the-next-university-strategic-plan.html>).

The University of Alberta, one of Canada's premier research institutions, offers an excellent research environment encompassing state-of-the-art facilities and infrastructure, including the Human Nutrition Research within the Li Ka Shing Centre for Health Innovation. Other immediate facilities also include a comprehensive range of analytical research labs, leading-edge nutrition/food and processing laboratories at Agri-Food Discovery Place, the Agricultural Genomics and the Proteomics Unit.

The ideal candidate must possess a PhD in Nutritional Sciences (or equivalent), and have experience in Clinical Nutrition, with a focus on applied areas of disease prevention and management. It is preferred that the candidate is eligible to apply for registration with the College of Dietitians of Alberta, aiming to establish partnerships with Alberta Health Services Nutrition Services and advocating strongly for dietetics at national and international levels. We seek an individual with an exceptional record of research accomplishments, leadership/advocacy, stakeholder engagement, and a thriving research program, recognized by peers as a global leader in Body Composition and Energy Metabolism Assessment. The candidate should have a comprehensive understanding of the metabolic and clinical significance of Nutrition in chronic disease prevention and treatment. They must possess the vision and demonstrated ability to develop a successful collaborative research program that crosses institutional and disciplinary boundaries. The candidate will be expected to teach at all levels of the curriculum, from undergraduate (including the dietetics program) to graduate level courses, and take on graduate supervision and other supervisory and administrative committee work.

The Canada Research Chairs (CRCs) were established by the Canadian Government to foster research excellence (<https://www.chairs-chaire.gc.ca/>). Tier 1 Chairs, tenable for seven years and renewable once, are for outstanding researchers acknowledged by their peers as world leaders in their fields. Nominees must be full professors or associate professors who are expected to be promoted to full professor within one or two years of the nomination date. Please consult the CRC website for full program information, including further details on eligibility criteria: https://www.chairs-chaire.gc.ca/program-programme/nomination-mise_en_candidature-eng.aspx#s

The University of Alberta recognizes the legitimate impact that leaves (e.g., parental leave, leave due to illness) can have on a candidate's record of research achievement and that these leaves will be taken into careful consideration during the assessment process.

The successful candidate will be nominated for a Tier I CRC. Nominations are subject to review by the CRC Secretariat, and appointment as a CRC is conditional upon their approval.

For further information on this position, or the department, please contact the Chair by email at afns-chair@ualberta.ca or visit our website at <http://www.ales.ualberta.ca/afns/>.

If you have any questions about the CRC Program, please contact Glen Thomas, CRC Coordinator and Advisor, rcadmin@ualberta.ca

To apply:

1. All applicants to this job posting are required to self-identify. Applicants will receive a questionnaire link from equity@ualberta.ca within 2-3 weeks of submitting their job applications. The survey will be sent to the email address that is listed on the application. Please be sure to check the spam box. Please do not forward the link as it is unique to the email address. For any questions or concerns, please contact equity@ualberta.ca.

NB: The University of Alberta must collect self-identification data from all applicants as part of its participation in the CRC Program. This data is used to ensure that the institution is progressing towards meeting its EDI targets as set by Ottawa.

2. Submit a current CV and a 5-page summary of your proposed CRC plan including research, mentoring (including EDI considerations), and knowledge exchange in Integrative Nutrition, Energy Metabolism, and Body Composition in Health and Disease by May 26, 2023 to:

Dr. Vic Adamowicz, Vice Dean, Faculty of Agricultural, Life and Environmental Sciences

adamowic@ualberta.ca

To assist the University in complying with mandatory reporting requirements of the Immigration and Refugee Protection Act (R203(3) (e)), please include the first digit of your Canadian Social Insurance Number in your application. If you do not have a Canadian Social Insurance Number, please indicate this in your application.

Applicants who require an accessibility arrangement for their application, interview, and/or subsequent recruitment meetings can contact Misty Wilson (Misty3@UAlberta.ca) to arrange appropriate accommodations.
