IMPORTANT COURSE INFORMATION

Please ensure you read the following prior to completing & submitting this application.

This is a Walls To Bridges(W2B) course. That means it takes place inside the Edmonton Institution for Women (EIFW), which is a federal correctional facility. W2B classes involve equal numbers of incarcerated ("inside") students and university/college-based ("outside") students learning together as equal peers.

Of particular note:

- WGS 280 X50 Indigenous Women's Autobiography and Life Writing is a 3-credit course and attendance and oral participation will be more stringent than a fourth-year seminar, and the pedagogy involves a fuller responsibility toward the course's learning goal than in a traditional classroom.
- Because the course takes place inside a correctional facility, all students must complete all necessary protocol outlined by Correctional Service of Canada. This includes a *Personnel Screening, Consent and Authorization Form* and fingerprinting. There is no student cost for this process. A completed Personnel Screening Form can be found at the end of this application and must accompany your completed application submission. Complete the form by hand. Do NOT use a computer to complete the form.
- Students are responsible for their transportation to and from the Edmonton Institute for Women located at 11151 178th Street.
- Students are required to adhere to all rules and regulations dictated by the Edmonton Institution for Women while in their facility These rules are subject to change.
- No cell phones, laptops, and tablets are allowed inside the Institution.
- Walls to Bridges courses include a large group project.
- The Walls to Bridges program includes guidelines that shape dynamics of privacy and respect inside and out of the classroom. This includes a commitment from "outside" students to not investigate their classmates' conviction histories.
- By participating in this course, you consent to a "Walls to Bridges" tag on your student record so we can track the progress of the Walls to Bridges program at the University of Alberta.
