Notes:

Remember to consult the Ancient and Medieval Studies program requirements in the [University Calendar](#). Students may not count more than ★12 from any one course designation (i.e., HIST) toward the required credits for the major.

If there is a course you believe should be on this list, or if you see any errors, please contact the Ancient and Medieval Studies Program Advisor or the Director of Undergraduate Programs in the Department of History, Classics, and Religion.

This list covers fall and winter terms only. Relevant courses may also be offered in the spring and summer terms.

Please note that while University of Alberta students are able to register in courses offered at the Augustana campus (with an AU-prefix), those courses follow a different semester schedule. North Campus students must also wait until after Augustana students have had an opportunity to register. If you have questions about this process, please contact student services.
