Easter Letter 2021

We were so fortunate to have SJC student **Alexis Pfeffer** write our annual Easter letter this year. In it, she shares the positive impact SJC has had on her student experience. Below is an excerpt of her uplifting story, and you can [read the full letter here.](#)

SJC has been essential to my university life; it is my second home... The students become like a family. We look out for each other and help each other out. I know that no matter what, I can walk through SJC and

someone will say hi or stop and chat, and I think that is pretty special.

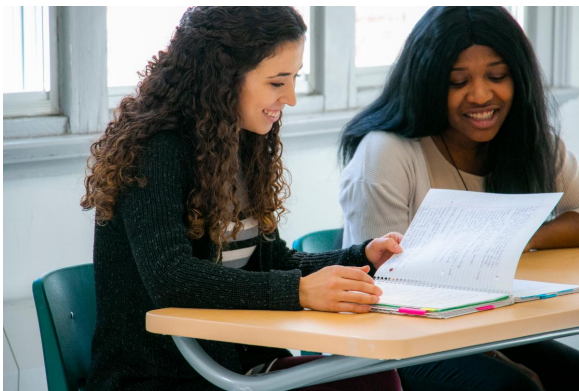

If you didn't receive this letter and you would like to be added to our mailing list, contact us at sjcdev@ualberta.ca or call us at [780-492-9774](tel:780-492-9774)
